

Middlesex Water Rates Approved by NJ Board of Public Utilities

July 19, 2012

ISELIN, NJ -- (Marketwire) -- 07/19/12 -- Middlesex Water Company (NASDAQ: MSEX) announced that the New Jersey Board of Public Utilities (BPU) has approved a \$8.1 million increase in base water rates to its customers located in Central New Jersey. In an application filed with the BPU in January 2012, Middlesex sought an increase in base rates of \$11.3 million to reflect increased costs and capital improvements since the company's last rate filing.

The rate increase request was made in connection with the Company's ongoing capital program, and to cover costs of increases in treatment, fuel, electricity, labor, benefits and other operations and maintenance expenses. Middlesex Water has invested over \$36 million in infrastructure rehabilitation since its last rate filing. The new rates are designed to allow for a 7.34% overall rate of return on invested capital in rate base of \$202.4 million. The return on equity portion of the rate of return was set at 10.15%.

Under the new rates, which are effective July 20, 2012, the average residential bill for a customer using 2,600 cubic feet (19,448 gallons) of water per quarter, would increase from approximately \$113.00 to approximately \$130.00, an increase of \$17.00 per quarter.

"Providing a plentiful supply of safe drinking water is important to our customers and critical to their public health and quality of life. Making prudent investments in drinking water infrastructure helps us to meet this essential need," said Dennis W. Doll, Middlesex Water President and CEO. "We appreciate that despite an uncertain economic climate, our regulators and other parties to this proceeding understand the need to balance the delivery of a safe, reliable water supply at reasonable rates, with the need to maintain the financial integrity of our operations," added Doll.

Middlesex Water Company presently serves retail customers in the Townships of Woodbridge, Edison, the Borough of South Plainfield, Carteret, Metuchen, the City of South Amboy, and the Township of Clark. The Company serves a significant population through wholesale contracts with the Boroughs of Highland Park and Sayreville, the Old Bridge Municipal Utilities Authority, Marlboro Township and the Townships of East Brunswick and Rahway.

About Middlesex Water Company
