

## MIDDLESEX WATER COMPANY DRINKING WATER QUALITY REPORTS NOW AVAILABLE

**ISELIN, NEW JERSEY July 1, 2024**– Annual Drinking Water Quality Reports are now available for Middlesex Water Company and its subsidiaries including Tidewater Utilities, Pinelands Water Company as well as the reports for New Jersey water systems operated under contract including the Borough of Avalon, The Borough of Highland Park and the City of Perth Amboy. Customers are invited to view system specific Water Quality Reports on the Company’s website at: <https://www.middlesexwater.com/water-quality/>.

Water quality reports help inform customers about the source of their drinking water, the quality of their water supply, the testing performed during 2023, ongoing investment and other efforts to maintain the highest standards possible.

“Our water quality reports reflect our dedication to maintaining the highest standards and transparency in our operations. They are not just a regulatory reporting requirement to us, but a commitment to our customers to deliver safe, clean, and reliable water,” said Nadine Leslie, President and CEO.

The Company’s “Water for Tomorrow®” initiative to enhance its water delivery network in New Jersey, improve system pressures, reduce lost water and improve the safety of its treatment process continues at full speed. Also ongoing is the Company’s annual RENEW Program which includes replacement of aging valves, fire hydrants, water mains and service connections. RENEW now includes the identification and removal of lead and galvanized steel service lines on both the customer-owned and company-owned portion of service lines.
