

Water/Wastewater Professionals Team Award Presented to Tidewater Utilities, Inc. Southern Sussex District

DOVER, DE, May 19, 2016 – Tidewater Utilities, Inc. is pleased to announce that its Southern Sussex District operators were recognized for outstanding teamwork and cooperation within the water/wastewater profession at Delaware Technical Community College’s Water/Wastewater Professionals Annual Award Ceremony held on May 12, 2016.

The team was commended for the recent upgrades completed within the Southern Shores Water Treatment Plant, which is one of 5 distribution entry points of Tidewater’s Bethany Bay Pumping District that primarily serves the Sea Colony resort area. In addition, this team was awarded with Delaware’s 2015 Best Tasting Water Award by the Delaware Rural Water Association for the water produced from this facility.

Photographed L-R: Tidewater operators Robert Wilkerson, Dean Serman, Clarence Quillen, Scott Walls and Bryan Blake accept the Water Wastewater Professionals Team Award.
