

Middlesex Water Announces Design a Water Logo Contest for Students in Grades 2-5

Winners to be Announced During National Safe Drinking Water Week in May

ISELIN, NEW JERSEY-- March 27, 2008 – We’ve often heard how important drinking water is to good health. In the human body, water lubricates joints and organs; it maintains muscle tone, regulates body temperature, filters out impurities and keeps the brain working properly. Water plays a critical role in transporting nutrients to and from cells and can even help control our appetite.

This year Middlesex Water is inviting students in **Grades 2-5** to participate in a Design a Water Logo Contest based on the theme **“Tap into a Good Thing – Drink More Water!”** Entry forms may be obtained by calling Middlesex Water at (732) 634-1500. Middlesex Water Company sponsors an annual contest for area children to encourage an awareness of water and the value of a clean, safe drinking water supply. Middlesex Water has long advocated keeping our source waters clean and works hard to ensure the water it delivers meets the highest standards for quality and safety.

Six winning entries will be selected with each winner to receive a \$50.00 U.S. Savings Bond. Winners will be honored at a Company luncheon on May in celebration of National Safe Drinking Water Week. In addition, one name will be selected from the six winning student entries to receive a pizza party and water education presentation for their class. All entries must be postmarked by April 18, 2008 and returned to Middlesex Water Company, 1500 Ronson Road, Iselin, NJ 08830, **and Attention: “Tap into a Good Thing – Drink More Water” Contest.** Winners will be notified in late April. Contest is open to students in Grades 2-5 in Middlesex and Monmouth Counties.

Middlesex Water Company is committed to providing quality water, to investing in its infrastructure, to rigorously testing its water supplies and to educating the public about the value of a clean and plentiful drinking water supply.
