Recent Accounting Guidance

Fair Value Measurements and Disclosures – In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2011-04, which amends Accounting Standards Codification 820, Fair Value Measurements and Disclosures, to update guidance related to fair value measurements and disclosures as a step towards achieving convergence between generally accepted accounting principles and international financial reporting standards. ASU 2011-04 clarifies intent about application of existing fair value measurements and disclosures, changes certain requirements for fair value measurements and requires expanded disclosures. ASU 2011-04 was effective for interim and annual periods beginning after December 15, 2011. The Company's adoption of ASU 2011-04 resulted in expanded fair value disclosures and did not have any impact on the Company's results of operations, cash flows or financial position.

Note 2 – Rate Matters

Middlesex - In July 2012, Middlesex's application with the New Jersey Board of Public Utilities (NJBPU) seeking permission to increase its base water rates was partially approved, granting an increase in annual operating revenues of \$8.1 million. The originally-filed base water rate increase request of \$11.3 million, which was filed in January 2012, was made to seek recovery of increased costs of operations, chemicals and fuel, electricity, taxes, labor and benefits, decreases in industrial and commercial customer demand patterns, as well as capital investment. The new base water rates are designed to recover these increased costs, as well as a return on invested capital in rate base of \$202.4 million based on a return on equity of 10.15%. The rate increase became effective on July 20, 2012.

Tidewater – In June 2012, Tidewater’s application with the Delaware Public Service Commission (DEPSC) seeking permission to increase its base water rates was partially approved, granting an increase in annual operating revenues of \$3.9 million. The originally-filed base water rate increase request of \$6.9 million, which was filed in September 2011, was made to seek recovery of increased costs for operations, maintenance and taxes, as well as capital investment. Under PSC regulations, Tidewater had implemented interim rates in November 2011, which amounted to approximately \$2.5 million on an annual basis. The new final base rates will reflect the remaining \$1.4 million and became effective June 19, 2012.

TESI – In June 2012, TESI’s application with the DEPSC seeking permission to increase its base wastewater rates was partially approved, granting an increase in annual operating revenues of \$0.6 million, a portion of which is to be phased in through 2015. The originally-filed base wastewater rate increase request of \$0.8 million, which was filed in July 2011, was made to seek recovery of increased operation and maintenance costs, as well as capital investment. Under PSC regulations, TESI had implemented interim rates in September 2011, which amounted to approximately \$0.1 million on an annual basis. The new final base rates became effective June 5, 2012.

Note 3 – Capitalization

Common Stock

During the six months ended June 30, 2012, there were 42,472 common shares (approximately \$0.8 million) issued under the Company’s Amended and Restated Dividend Reinvestment and Common Stock Purchase Plan (DRP).

The Company maintains a stock plan for its non-management directors (Outside Director Stock Compensation Plan). In May 2012, the Company granted and issued 5,768 shares of common stock (approximately \$0.1 million) to the non-management directors under the plan.

Long-term Debt

In May 2012, Middlesex borrowed \$3.9 million through the New Jersey Environmental Infrastructure Trust under the New Jersey State Revolving Fund (SRF) loan program and issued first mortgage bonds designated as Series OO (\$3.0 million) and Series PP (\$0.9 million). The interest rate on the Series OO bond is zero and the interest rate on the Series PP bond ranges from 2.0% to 5.0% depending on the serial maturity date. The final maturity date for both bonds is August 1, 2031. Proceeds were recorded as Restricted Cash and may only be used for the Middlesex 2012 RENEW Program, which is Middlesex’s program to clean and cement unlined mains in the Middlesex system.

In March 2011, Tidewater closed on a \$2.8 million loan with the Delaware State Revolving Fund (SRF) program which allows, but does not obligate, Tidewater to draw against a General Obligation Note for a specific project. The interest rate on any draw will be set at 3.75% with a final maturity of July 1, 2031 on the amount actually borrowed. As of June 30, 2012, Tidewater has borrowed \$2.7 million against this loan.

In March 2011, Southern Shores closed on a \$1.6 million loan with the Delaware SRF program, which allows, but does not obligate, Southern Shores to draw against a General Obligation Note for a specific. The interest rate on any draw will be set at 3.75% with a final maturity of November 30, 2030 on the amount actually borrowed. As of June 30, 2012, Southern Shores has borrowed \$1.4 million against this loan.

Fair Value of Financial Instruments

The following methods and assumptions were used by the Company in estimating its fair value disclosure for financial instruments for which it is practicable to estimate that value. The carrying amounts reflected in the condensed consolidated balance sheets for cash and cash equivalents, trade receivables, accounts payable and notes payable approximate their respective fair values due to the short-term maturities of these instruments. The fair value of the Company's long-term debt relating to First Mortgage and SRF Bonds is based on quoted market prices for similar issues. Under the fair value hierarchy, the fair value of cash and cash equivalents is classified as a Level 1 measurement and the fair value of notes payable and the First Mortgage and SRF Bonds in the table below are classified as Level 2 measurements. The carrying amount and fair market value of the Company's bonds were as follows:

	(Thousands of Dollars)			
	June 30, 2012		December 31, 2011	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
First Mortgage Bonds	\$ 90,208	\$ 91,370	\$ 86,577	\$ 87,283
SRF Bonds	\$ 785	\$ 790	\$ 793	\$ 799

For other long-term debt for which there was no quoted market price, it was not practicable to estimate their fair value. The carrying amount of these instruments was \$49.1 million at June 30, 2012 and \$49.3 million at December 31, 2011. Customer advances for construction have a carrying amount of \$21.7 million and \$21.9 million, respectively, at June 30, 2012 and December 31, 2011. Their relative fair values cannot be accurately estimated since future refund payments depend on several variables, including new customer connections, customer consumption levels and future rate increases.

Note 4 – Earnings Per Share

Basic earnings per share (EPS) are computed on the basis of the weighted average number of shares outstanding during the period presented. Diluted EPS assumes the conversion of both the Convertible Preferred Stock \$7.00 Series and the Convertible Preferred Stock \$8.00 Series.

Note 5 – Business Segment Data

The Company has identified two reportable segments. One is the regulated business of collecting, treating and distributing water on a retail and wholesale basis to residential, commercial, industrial and fire protection customers in parts of New Jersey, Delaware and Pennsylvania. This segment also includes regulated wastewater systems in New Jersey and Delaware. The Company is subject to regulations as to its rates, services and other matters by New Jersey, Delaware and Pennsylvania with respect to utility services within these states. The other segment is primarily comprised of non-regulated contract services for the operation and maintenance of municipal and private water and wastewater systems in New Jersey and Delaware. Inter-segment transactions relating to operational costs are treated as pass-through expenses. Finance charges on inter-segment loan activities are based on interest rates that are below what would normally be charged by a third party lender.

Note 7 – Commitments and Contingent Liabilities

Contract Operations - USA-PA operates the City of Perth Amboy, NJ's water and wastewater systems under a 20-year agreement, which expires in 2018. In connection with the agreement with Perth Amboy, USA-PA entered into a 20-year subcontract with a wastewater operating company for the operation and maintenance of the Perth Amboy wastewater collection system. The subcontract provides for the sharing of certain fixed and variable fees and operating expenses.

Water Supply

Middlesex has an agreement with the NJWSA for the purchase of untreated water through November 30, 2023, which provides for an average purchase of 27 million gallons a day (mgd). Pricing is set annually by the NJWSA through a public rate making process. The agreement has provisions for additional pricing in the event Middlesex overdrafts or exceeds certain monthly and annual thresholds.

Middlesex also has an agreement with a non-affiliated regulated water utility for the purchase of treated water. This agreement, which expires February 27, 2016, provides for the minimum purchase of 3 mgd of treated water with provisions for additional purchases.

Purchased water costs are shown below:

Overview

Middlesex has operated as a water utility in New Jersey since 1897, in Delaware through our wholly-owned subsidiary, Tidewater Utilities, Inc. (Tidewater), since 1992 and in Pennsylvania through our wholly-owned subsidiary, Twin Lakes Utilities, Inc. (Twin Lakes), since 2009. We are in the business of collecting, treating and distributing water for domestic, commercial, municipal, industrial and fire protection purposes. We also operate a New Jersey municipal water and wastewater system under contract and provide wastewater services in New Jersey and Delaware through our subsidiaries. We are regulated as to rates charged to customers for water and wastewater services, as to the quality of water service we provide and as to certain other matters in New Jersey, Delaware and Pennsylvania. Only our Utility Services Affiliates, Inc. (USA), Utility Services Affiliates (Perth Amboy), Inc. (USA-PA) and White Marsh Environmental Systems, Inc. (White Marsh) subsidiaries are not regulated utilities.

Our New Jersey water utility system (the Middlesex System) provides water services to approximately 60,000 retail customers, primarily in central New Jersey. The Middlesex System also provides water service under contract to several municipalities in central New Jersey. In partnership with our subsidiary, USA-PA, we operate the water supply system and wastewater system for the City of Perth Amboy, New Jersey. Our Bayview system provides water services in Downe Township, New Jersey. Our other New Jersey subsidiaries, Pinelands Water Company and Pinelands Wastewater Company (collectively, Pinelands), provide water and wastewater services to residents in Southampton Township, New Jersey.

USA offers residential customers in New Jersey and Delaware water service line and sewer lateral maintenance programs, which are serviced by HomeServe USA (HomeServe), a leading provider of home maintenance service programs. HomeServe has recently expanded its maintenance offerings under the program to include other household services. USA receives a service fee for the billing, cash collection and other administrative matters associated with HomeServe's service contracts. In February 2012, USA began to operate a wastewater treatment facility under contract at an industrial site in Southern New Jersey. On July 1, 2012, USA began operating the water and sewer utilities and storm water system of the Borough of Avalon, New Jersey.

Our Delaware subsidiaries, Tidewater and Southern Shores Water Company, LLC (Southern Shores), provide water services to approximately 36,000 retail customers in New Castle, Kent and Sussex Counties, Delaware. Tidewater's subsidiary, White Marsh, services an additional 4,700 customers in Kent and Sussex Counties through various operations and maintenance contracts.

Our Tidewater Environmental Services, Inc. (TESI) subsidiary provides wastewater services to approximately 2,200 residential retail customers. We expect the growth of our regulated wastewater operations in Delaware will eventually become a more significant component of our operations.

Our Pennsylvania subsidiary, Twin Lakes, provides water services to approximately 120 retail customers in the Township of Shohola, Pike County, Pennsylvania.

The majority of our revenue is generated from retail and contract water services to customers in our service areas. We record water service revenue as such service is rendered and include estimates for amounts unbilled at the end of the period for services provided after the last billing cycle. Fixed service charges are billed in advance by our subsidiary, Tidewater, and are recognized in revenue as the service is provided.

Our ability to increase operating income and net income is based significantly on four factors: weather, adequate and timely rate relief, effective cost management, and customer growth. These factors are evident in the discussions below which compare our results of operations with prior periods.

Recent Developments

Rate Matters

Middlesex - In July 2012, Middlesex's application with the New Jersey Board of Public Utilities (NJBPU) seeking permission to increase its base water rates was partially approved, granting an increase in annual operating revenues of \$8.1 million. The originally-filed base water rate increase request of \$11.3 million, which was filed in January 2012, was made to seek recovery of increased costs of operations, chemicals and fuel, electricity, taxes, labor and benefits, decreases in industrial and commercial customer demand patterns, as well as capital investment. The new base water rates are designed to recover these increased costs, as well as a return on invested capital in rate base of \$202.4 million based on a return on equity of 10.15%. The rate increase became effective on July 20, 2012.

Tidewater - In June 2012, Tidewater's application with the Delaware Public Service Commission (DEPSC) seeking permission to increase its base water rates was partially approved, granting an increase in annual operating revenues of \$3.9 million. The originally-filed base water rate increase request of \$6.9 million, which was filed in September 2011, was made to seek recovery of increased costs for operations, maintenance and taxes, as well as capital investment. Under PSC regulations, Tidewater had implemented interim rates in November 2011, which amounted to approximately \$2.5 million on an annual basis. The new final base rates will reflect the remaining \$1.4 million and became effective June 19, 2012.

TESI - In June 2012, TESI's application with the DEPSC seeking permission to increase its base wastewater rates was partially approved, granting an increase in annual operating revenues of \$0.6 million, a portion of which is to be phased in through 2015. The originally-filed base wastewater rate increase request of \$0.8 million, which was filed in July 2011, was made to seek recovery of increased operation and maintenance costs, as well as capital investment. Under PSC regulations, TESI had implemented interim rates in September 2011, which amounted to approximately \$0.1 million on an annual basis. The new final base rates became effective June 5, 2012.

Contract Awarded to USA

In March 2012, the Borough of Avalon, New Jersey (Avalon) awarded an operations and maintenance contract to USA for the Avalon water utility, sewer utility and storm water system. In addition to performing the day to day operations, USA will be responsible for all billing, collections, customer service, emergency responses and capital projects funded by Avalon. The contract is for a ten year term and USA began operating the systems on July 1, 2012. The contract is expected to contribute less than \$0.01 to annual earnings per share.

Outlook

Revenues for 2012 are expected to be favorably impacted from approved rate increases at Middlesex, Tidewater, TESI, Southern Shores and Twin Lakes. In addition, Pinelands Water and Pinelands Wastewater intend to file for base rate increases in the third quarter of 2012. Any decision on the expected rate filing would be rendered in 2013.

Ongoing economic conditions continue to negatively impact our customers' water consumption, particularly the level of water usage by our commercial and industrial customers in our Middlesex system. We are unable to determine when these customers' water demands may fully return to previous levels, or if a reduced level of demand will continue indefinitely. We were given appropriate recognition for this decrease in customer consumption in Middlesex's July 2012 rate increase.

Revenues and earnings are influenced by weather. Changes in usage patterns, as well as increases in capital expenditures and operating costs, are the primary factors in determining the need for rate increase requests. We continuously implement plans to streamline operations and reduce operating costs.

Changes in certain actuarial assumptions, including a lower discount rate and revised plan participant mortality factors, as well as a lower actual return in 2011 on assets held in our retirement plan funds resulted in a significant increase in our underfunded employee benefit plan obligation and will result in higher employee benefit plan expense and cash contributions in 2012. The rate increases recently approved for Tidewater and Middlesex reflected the resulting increased employee benefit plan expenses.

As a result of ongoing challenging economic conditions impacting the pace of new residential home construction, there may be an increase in the amount of PS&I costs that will not be currently recoverable in rates. If it is determined that recovery is unlikely, the PS&I costs deemed unrecoverable will be charged against income in the period of determination.

Our strategy is focused on four key areas:

- Serve as a trusted and continually-improving provider of safe, reliable and cost-effective water, wastewater and related services;
- Provide a comprehensive suite of water and wastewater solutions in the continually-developing Delaware market that results in profitable growth;
- Pursue profitable growth in our core states of New Jersey and Delaware, as well as additional states; and
- Invest in products, services and other viable opportunities that complement our core competencies.

Operating Results by Segment

The discussion of the Company's operating results is on a consolidated basis and includes significant factors by subsidiary. The Company has two operating segments, Regulated and Non-Regulated.

The segments in the tables included below consist of the following companies: Regulated-Middlesex, Tidewater, Pinelands, Southern Shores, TESI and Twin Lakes; Non-Regulated- USA, USA-PA, and White Marsh.

Operating revenues for the three months ended June 30, 2012 increased \$1.3 million from the same period in 2011. This increase was primarily related to the following factors:

- Middlesex System revenues increased \$0.1 million, primarily due to:
 - Sales to General Metered Service (GMS) customers increased by \$0.2 million due to increased customer demand for water and implementation of a purchased water adjustment clause in August 2011; and
 - Contract Sales to Municipalities decreased by \$0.1 million due to lower customer demand for water;
- Tidewater System revenues increased \$0.7 million, primarily due to the 10.49% interim rate increase that went into effect in November 2011 and increased connection fees;
- USA-PA's revenues increased \$0.2 million, primarily from scheduled increases in the fixed fees paid under contract with the City of Perth Amboy;
- Southern Shores' revenues increased \$0.1 million, primarily due to rate increases that went into effect in June 2011 and January 2012; and
- Revenues from all other subsidiaries increased \$0.2 million.

Operation and Maintenance Expense

Operation and maintenance expenses for the three months ended June 30, 2012 increased \$0.7 million from the same period in 2011. This increase was primarily related to the following factors:

- Employee benefit expenses increased \$0.6 million, primarily due to changes in certain postretirement benefit plan actuarial assumptions, including a lower discount rate and revised plan participant mortality factors, as well as a lower actual return on assets held in our retirement plan funds;
- Reserves for bad debts increased \$0.1 million;
- Costs associated with main breaks decreased \$0.1 million, due to more favorable weather conditions, which led to below average number of main breaks in 2012;
- Labor costs decreased \$0.2 million primarily due to higher capitalized payroll and decreased headcount; and
- Operation and maintenance expenses for all other categories increased \$0.3 million.

Depreciation

Depreciation expense for the three months ended June 30, 2012 increased \$0.2 million from the same period in 2011 due to a higher level of utility plant in service.

Other Taxes

Other taxes for the three months ended June 30, 2012 was consistent with the same period in 2011.

Interest Charges

Interest charges for the three months ended June 30, 2012 increased \$0.1 million from the same period in 2011, primarily due to higher average short and long term debt outstanding in the second quarter of 2012 as compared to the second quarter of 2011.

Other Income, net

Other Income, net for the three months ended June 30, 2012 was consistent with the same period in 2011.

Income Taxes

Income taxes for the three months ended June 30, 2012 increased \$0.3 million from the same period in 2011, due to increased operating income in 2012 as compared to 2011.

Operating Revenues

Operating revenues for the six months ended June 30, 2012 increased \$0.8 million from the same period in 2011. This increase was primarily related to the following factors:

- Middlesex System revenues decreased \$0.7 million, primarily due to:
 - Sales to GMS customers decreased by \$0.3 million due to decreased customer demand for water. The decline in water use by our GMS customers includes commercial and industrial (C&I) customers. Several of the larger industrial customers' consumption demands have decreased due to reduced output from their production processes. We have also seen a decline in consumption from our commercial customers, which are generally office facilities, guest facilities and multi-family residential facilities. Certain of our C&I customers are unable to determine when their water demands may return to previous levels or if the declines will continue; and
 - Contract Sales to Municipalities decreased by \$0.4 million due to lower customer demand for water;
- Tidewater System revenues increased \$1.1 million, primarily due to the 10.49% interim rate increase that went into effect in November 2011 and increased connection fees;
- USA-PA's revenues increased \$0.2 million, primarily from scheduled increases in the fixed fees paid under contract with the City of Perth Amboy;
- Southern Shores' revenues increased \$0.1 million, primarily due to rate increases that went into effect in June 2011 and January 2012; and
- Revenues from all other subsidiaries increased \$0.1 million.

Operation and Maintenance Expense

Operation and maintenance expenses for the six months ended June 30, 2012 increased \$1.0 million from the same period in 2011. This increase was primarily related to the following factors:

- Employee benefit expenses increased \$1.1 million, primarily due to changes in certain postretirement benefit plan actuarial assumptions, including a lower discount rate and revised plan participant mortality factors, as well as a lower actual return on assets held in our retirement plan funds;
- Reserves for bad debts increased \$0.1 million;
- Costs associated with main breaks decreased \$0.2 million, due to more favorable weather conditions, which led to below average number of main breaks in 2012;
- Labor costs decreased \$0.3 million primarily due to higher capitalized payroll and less overtime expended on main breaks; and
- Operation and maintenance expenses for all other categories increased \$0.3 million.

Depreciation

Depreciation expense for the six months ended June 30, 2012 increased \$0.3 million from the same period in 2011 due to a higher level of utility plant in service.

Other Taxes

Other taxes for the six months ended June 30, 2012 decreased \$0.1 million from the same period in 2011 primarily due to lower revenue related taxes for our New Jersey operations compared to the same period in 2011.

Interest Charges

Interest charges for the six months ended June 30, 2012 increased \$0.2 million from the same period in 2011, primarily due to primarily due to higher average short and long term debt outstanding in 2012 as compared to 2011.

Other Income, net

Other Income, net for the six months ended June 30, 2012 decreased \$0.2 million from the same period in 2011, primarily due to lower Allowance for Funds Used During Construction, resulting from lower average construction work in progress balances.

Income Taxes

Income taxes for the six months ended June 30, 2012 decreased \$0.1 million from the same period in 2011, due to decreased operating income in 2012 as compared to 2011.

Net Income and Earnings Per Share

Net income for the six months ended June 30, 2012 decreased \$0.7 million from the same period in 2011. Basic and diluted earnings per share decreased to \$0.35 for the six months ended June 30, 2012 as compared to \$0.40 for the six months ended June 30, 2011.

Liquidity and Capital Resources

Operating Cash Flows

Cash flows from operations are largely based on four factors: weather, adequate and timely rate increases, effective cost management and customer growth. The effect of those factors on net income is discussed in “Results of Operations.”

For the six months ended June 30, 2012, cash flows from operating activities increased \$3.7 million to \$15.8 million. Decreased accounts receivable and timing of certain income tax payments were the primary reason for the increase in cash flow. The \$15.8 million of net cash flow from operations enabled us to fund 100% of our utility plant expenditures internally for the period.

Capital Expenditures and Commitments

To fund our capital program, we use internally generated funds, short-term and long-term debt borrowings and, when market conditions are favorable, proceeds from sales of common stock under our Amended and Restated Dividend Reinvestment and Common Stock Purchase Plan (DRP) and common stock offerings. See below for a more detailed discussion regarding the funding of our capital program.

The capital investment program for 2012 is currently estimated to be \$21.8 million. Through June 30, 2012, we have expended \$12.6 million and expect to incur approximately \$9.2 million for capital projects for the remainder of 2012.

We currently project that we may be required to expend approximately \$34.0 million for capital projects in 2013 and 2014. The actual amount and timing of capital expenditures is dependent on project scheduling and refinement of engineering estimates for certain capital projects.

To fund our capital program for the remainder of 2012, we plan on utilizing:

- Internally generated funds
- Proceeds from the sale of common stock through the DRP
- Funds available and held in trust under existing New Jersey and Delaware State Revolving Fund (SRF) loans (currently, \$3.7 million and \$0.9 million, respectively). The SRF programs provide low cost financing for projects that meet certain water quality and system improvement benchmarks.
- Short-term borrowings, if necessary, through \$60.0 million of available lines of credit with several financial institutions. As of June 30, 2012, the outstanding borrowings under these credit lines were \$25.3 million.

Recent Accounting Pronouncements – See Note 1 of the Notes to Unaudited Condensed Consolidated Financial Statements for a discussion of recent accounting pronouncements.

Item 3. Quantitative and Qualitative Disclosures of Market Risk

The Company is subject to the risk of fluctuating interest rates in the normal course of business. Our policy is to manage interest rates through the use of fixed rate long-term debt and, to a lesser extent, short-term debt. The Company’s interest rate risk related to existing fixed rate, long-term debt is not material due to the term of the majority of our First Mortgage Bonds, which have final maturity dates ranging from 2018 to 2038. Over the next twelve months, approximately \$5.0 million of the current portion of 34 existing long-term debt instruments will mature. Applying a hypothetical change in the rate of interest charged by 10% on those borrowings, would not have a material effect on our earnings.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

As required by Rule 13a-15 under the Securities and Exchange Act of 1934 (the Exchange Act), an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures was conducted by the Company's Chief Executive Officer along with the Company's Chief Financial Officer. Based upon that evaluation, the Company's Chief Executive Officer and the Company's Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective as of the end of the period covered by this Report.

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in Company reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in Company reports filed under the Exchange Act is accumulated and communicated to management, including the Company's Chief Executive Officer and Chief Financial Officer as appropriate, to allow timely decisions regarding disclosure.

Material Change in Internal Controls

In the second quarter of 2012, the Company implemented the work and asset management module of an enterprise resource planning (ERP) system. As previously disclosed, the Company had implemented various other modules of the ERP system in 2010.

The implementation of the work and asset management module and the related workflow changes have resulted in material changes to the Company's internal controls over financial reporting (as that term is defined in Rule 13(a)-15 under the Exchange Act). In connection with the implementation of the work and asset management module, the Company is continuing to replace and supplement existing internal controls over financial reporting, as appropriate. The decision to implement the ERP system was made to improve the efficiency and effectiveness of our management and financial reporting systems and was not made in response to any actual or perceived deficiencies in the Company's internal control over financial reporting.

We continually review our disclosure controls and procedures and make changes, as necessary, to ensure the quality of our financial reporting. Other than the changes made related to the implementation of the work and asset management module and the related work flow changes, there have been no changes in internal control over financial reporting that occurred in the second quarter of 2012 that have materially affected, or are reasonably likely to materially affect the Company's internal control over financial reporting.

(b) Full Disclosure. There is no fact that the Borrower has not disclosed to the State in writing on the Borrower's application for the Loan or otherwise that materially adversely affects or (so far as the Borrower can now foresee) that will materially adversely affect the properties, activities, prospects or condition (financial or otherwise) of the Borrower or its Environmental Infrastructure System, or the ability of the Borrower to make all Loan Repayments or otherwise to observe and perform its duties, covenants, obligations and agreements under this Loan Agreement and the Borrower Bond.

(d) Compliance with Existing Laws and Agreements. (i) The authorization, execution, attestation and delivery of this Loan Agreement and the Borrower Bond by the Borrower, (ii) the authentication of the Borrower Bond by the Trust or paying agent under the Borrower Bond Resolution, as the case may be, and the sale of the Borrower Bond to the State,

(e) No Defaults. No event has occurred and no condition exists that, upon the authorization, execution, attestation and delivery of this Loan Agreement and the Borrower Bond, the issuance of the Borrower Bond and the sale thereof to the State, the adoption of the Borrower Bond Resolution or the receipt of the amount of the Loan, would constitute an Event of Default hereunder. The Borrower is not in violation of, and has not received notice of any claimed violation of, any term of any agreement or other instrument to which it is a party or by which it, its Environmental Infrastructure System or its properties may be bound, which violation would materially adversely affect the properties, activities, prospects or condition (financial or otherwise) of the Borrower or its Environmental Infrastructure System or the ability of the Borrower to make all Loan Repayments, to pay all other amounts due hereunder or otherwise to observe and perform its duties, covenants, obligations and agreements under this Loan Agreement and the Borrower Bond.

(f) Governmental Consent. The Borrower has obtained all permits and approvals required to date by any governmental body or officer for the authorization, execution, attestation and delivery of this Loan Agreement and the Borrower Bond, for the issuance of the Borrower Bond and the sale thereof to the State, for the adoption of the Borrower Bond Resolution, for the making, observance and performance by the Borrower of its duties, covenants, obligations and agreements under this Loan Agreement and the Borrower Bond and for the undertaking or completion of the Project and the financing or refinancing thereof, including, but not limited to, if required, the approval by the New Jersey Board of Public Utilities (the "BPU") of the issuance by the Borrower of the Borrower Bond to the State and any other approvals required therefor by the BPU; and the Borrower has complied with all applicable provisions of law requiring any notification, declaration, filing or registration with any governmental body or officer in connection with the making, observance and performance by the Borrower of its duties, covenants, obligations and agreements under this Loan Agreement and the Borrower Bond or with the undertaking or completion of the Project and the financing or refinancing thereof. No consent, approval or authorization of, or filing, registration or qualification with, any

governmental body or officer that has not been obtained is required on the part of the Borrower as a condition to the authorization, execution, attestation and delivery of this Loan Agreement and the Borrower Bond, the issuance of the Borrower Bond and the sale thereof to the State, the undertaking or completion of the Project or the consummation of any transaction herein contemplated.

(g) Compliance with Law. The Borrower:

(i) is in compliance with all laws, ordinances, governmental rules and regulations to which it is subject, the failure to comply with which would materially adversely affect (A) the ability of the Borrower to conduct its activities or to undertake or complete the Project, (B) the ability of the Borrower to make the Loan Repayments and to pay all other amounts due hereunder, or (C) the condition (financial or otherwise) of the Borrower or its Environmental Infrastructure System; and

(ii) has obtained all licenses, permits, franchises or other governmental authorizations presently necessary for the ownership of its properties or for the conduct of its activities that, if not obtained, would materially adversely affect (A) the ability of the Borrower to conduct its activities or to undertake or complete the Project, (B) the ability of the Borrower to make the Loan Repayments and to pay all other amounts due hereunder, or (C) the condition (financial or otherwise) of the Borrower or its Environmental Infrastructure System.

(h) Use of Proceeds. The Borrower will apply the proceeds of the Loan from the State as described in Exhibit B attached hereto and made a part hereof (i) to finance or refinance a portion of the Costs of the Borrower's Project; and (ii) where applicable, to reimburse the Borrower for a portion of the Costs of the Borrower's Project, which portion was paid or incurred in anticipation of reimbursement by the State and is eligible for such reimbursement under and pursuant to the Regulations, the Code and any other applicable law. All of such costs constitute Costs for which the State is authorized to make Loans to the Borrower pursuant to the Regulations.

SECTION 2.02. Particular Covenants of Borrower.

(a) Promise to Pay. The Borrower unconditionally and irrevocably promises in accordance with the terms of and to the extent provided in the Borrower Bond Resolution, to make punctual payment of the principal of the Loan and the Borrower Bond, and all other amounts due under this Loan Agreement and the Borrower Bond according to their respective terms.

(b) Performance Under Loan Agreement; Rates. The Borrower covenants and agrees (i) to comply with all applicable state and federal laws, rules and regulations in the performance of this Loan Agreement; (ii) to maintain its Environmental Infrastructure System in good repair and operating condition; (iii) to cooperate with the State in the observance and performance of the respective duties, covenants, obligations and agreements of the Borrower and the State under this Loan Agreement; and (iv) to establish, levy and collect rents, rates and other charges for the products and services provided by its Environmental Infrastructure System, which rents, rates

Such System Records and General Records shall be made available for inspection by the State at any reasonable time upon prior written notice, and a copy of such annual audit(s) therefor, including all written comments and recommendations of such accountant, shall be furnished to the State within 150 days of the close of the fiscal year being so audited or, with the consent of the State, such additional period as may be provided by law.

(j) Insurance. The Borrower shall maintain or cause to be maintained, in force, insurance policies with responsible insurers or self-insurance programs providing against risk of direct physical loss, damage or destruction of its Environmental Infrastructure System at least to the extent that similar insurance is usually carried by utilities constructing, operating and maintaining Environmental Infrastructure Facilities of the nature of the Borrower's Environmental Infrastructure System, including liability coverage, all to the extent available at reasonable cost but in no case less than will satisfy all applicable regulatory requirements.

(k) Costs of Project. The Borrower certifies that the building cost of the Project, as listed in Exhibit B hereto and made a part hereof, is a reasonable and accurate estimation thereof, and it will supply to the State a certificate from a licensed professional engineer authorized to practice in the State stating that such building cost is a reasonable and accurate estimation and that the useful life of the Project exceeds the maturity date of the Borrower Bond.

(l) Delivery of Documents. Concurrently with the delivery of this Loan Agreement (as previously authorized, executed and attested) at the Loan Closing, the Borrower will cause to be delivered to the State each of the following items:

The Borrower agrees to observe and comply with each such additional covenant and requirement, if any, included in Exhibit F hereto. (ii) Additional defined terms, covenants, representations and requirements have been included in Schedule A attached hereto and made a part hereof. Such additional defined terms, covenants, representations and requirements are incorporated in this Loan Agreement by reference thereto as if set forth in full herein and the Borrower hereby agrees to observe and comply with each such additional term, covenant, representation and requirement included in Schedule A as if the same were set forth in their entirety where reference thereto is made in this Loan Agreement.

ARTICLE III

LOAN TO BORROWER; AMOUNTS PAYABLE; GENERAL AGREEMENTS

SECTION 3.01. Loan; Loan Term. The State hereby agrees to make the Loan as described in Exhibit A-2 hereof and to disburse proceeds of the Loan to the Borrower in accordance with Section 3.02 and Exhibit C hereof, and the Borrower hereby agrees to borrow and accept the Loan from the State upon the terms set forth in Exhibit A-2 attached hereto and made a part hereof; provided, however, that the State shall be under no obligation to make the Loan if (a) at the Loan Closing, the Borrower does not deliver to the State a Borrower Bond and such other documents required under Section 2.02(l) hereof, or (b) an Event of Default has occurred and is continuing under this Loan Agreement. Although the State intends to disburse proceeds of the Loan to the Borrower at the times and up to the amounts set forth in Exhibit C to pay a portion of the Costs of the Project, due to unforeseen circumstances there may not be sufficient Federal Funds on deposit on any date to make the disbursement in such amount. Nevertheless, the Borrower agrees that the aggregate principal amount set forth in Exhibit A-2 hereto shall constitute the initial principal amount of the Loan (as the same may be adjusted downward in accordance with the definition thereof), and the State shall have no obligation thereafter to loan any additional amounts to the Borrower.

The Borrower shall have no legal or equitable interest in the Federal Funds received by and available to the State or in moneys from repayments of loans previously made from Federal Fund by the State.

The Borrower shall use the proceeds of the Loan strictly in accordance with Section 2.01(h) hereof.

The payment obligations created under this Loan Agreement and the obligations to pay the principal of and other amounts due under the Borrower Bond are each direct, general, irrevocable and unconditional obligations of the Borrower payable from any source legally available to the Borrower in accordance with the terms of and to the extent provided in the Borrower Bond Resolution.

SECTION 3.02. Disbursement of Loan Proceeds.

(a) The State shall disburse Federal Funds earmarked for the Loan to the Borrower in accordance with the terms hereof. Before each and every disbursement of the proceeds of the Loan by the State to the Borrower, the Borrower shall in accordance with the procedures set forth in the Regulations submit to the State a requisition executed by an Authorized Officer of the Borrower.

(b) The State shall not be under any obligation to disburse any Loan proceeds to the Borrower under this Loan Agreement, unless:

(i) the Loan Closing shall have occurred on the date established therefor by the State;

(ii) there shall be Federal Funds from time to time to fund the Loan, as determined solely by the State;

(iii) in accordance with the “New Jersey Environmental Infrastructure Trust Act”, P.L. 1985, c. 334, as amended (N.J.S.A. 58:11B-1 *et seq.*), and the Regulations, the Borrower shall have timely applied for, shall have been awarded and, prior to or simultaneously with the Loan Closing, shall have closed a Trust Loan for a portion of the Allowable Costs (as defined in such Regulations) of the Project in an amount not in excess of the amount of Allowable Costs of the Project financed by the Loan from the State, plus the amount of: (i) capitalized interest during the Project construction period, if any, (ii) the cost of funding reserve capacity for the Project, if any, and (iii) certain issuance expenses related thereto, including, if applicable, a municipal bond insurance policy premium;

(iv) the Borrower shall have on hand moneys to pay for the greater of (A) that portion of the total Costs of the Project that is not eligible to be funded from the Loan or the Trust Loan, or (B) that portion of the total Costs of the Project that exceeds the actual amounts of the loan commitments made by the State and the Trust, respectively, for the Loan and the Trust Loan; and

(v) no Event of Default nor any event that, with the passage of time or service of notice or both, would constitute an Event of Default shall have occurred and be continuing hereunder.

SECTION 3.03. Amounts Payable.

(a) The Borrower shall repay the Loan at zero-interest in principal installments payable to the Trust semiannually on the Principal Payment Dates, in accordance with the schedule set forth in Exhibit A-2 attached hereto and made a part hereof, as the same may be amended or modified by the State, in particular, without limitation, to make any adjustments to the amount of the Loan in accordance with the definition thereof; provided, however, that the amount of any reduction in the principal amount of the Loan pursuant to N.J.A.C. 7:22-3.26 shall be credited to the principal payments set forth in Exhibit A-2 in inverse order of their maturity. The obligations of the Borrower under the Borrower Bond shall be deemed to be amounts payable under this Section 3.03. Each payment made to the Trust pursuant to the Borrower Bond shall be deemed to be a credit against the corresponding obligation of the Borrower under this Section 3.03, and any such payment made to the Trust shall fulfill the Borrower’s obligation to pay such amount hereunder and under the Borrower Bond. Each payment made to the Trust pursuant to this Section 3.03 shall be applied to the principal of the Loan.

(b) In addition to the principal payments on the Loan required by subsection (a) of this Section 3.03, the Borrower shall pay a late charge for any such payment that is received by the Trust later than the tenth (10th) day following its due date in an amount equal to the greater of twelve percent (12%) per annum or the Prime Rate plus one half of one percent per annum on such late payment from its due date to the date actually paid; provided, however, that such late charge payable on the Loan shall not be in excess of the maximum interest rate permitted by law.

(c) In addition to the Loan Repayments payable under subsections (a) and (b) of this Section 3.03, the Borrower shall pay one-half of the Administrative Fee, if any, to the Trust semiannually on each February 1 and August 1, commencing August 1, 2012, as further described in Exhibit B hereto.

SECTION 3.03A. Loan Proceeds after Completion of Project Draws.

(a) If, on the date which is one hundred eighty (180) days following the final date for which a disbursement of Loan proceeds is scheduled to be made pursuant to Exhibit C hereto, any Loan Proceeds remain undisbursed, the Borrower must provide to the Trust and the Department a certificate of an Authorized Officer of the Borrower (i) stating that the Borrower has not yet completed the Project, (ii) stating that the Borrower intends to complete the Project, (iii) setting forth the amount of remaining Loan Proceeds required to complete the Project, and (iv) providing a revised draw schedule, in a form similar to Exhibit C hereto and approved by the Department.

(b) If, on the date which is one hundred eighty (180) days following the final date for which a disbursement of Loan proceeds is scheduled to be made pursuant to a revised draw schedule certified to the Trust and the Department in accordance with Section 3.03A(a) hereof, any Loan Proceeds remain undisbursed, the Borrower must provide to the Trust and the Department a certificate of an Authorized Officer of the Borrower (i) stating that the Borrower has not yet completed the Project, (ii) stating that the Borrower intends to complete the Project, (iii) setting forth the amount of remaining Loan Proceeds required to complete the Project, and (iv) providing a revised draw schedule, in a form similar to Exhibit C hereto and approved by the Department.

(c) If the Borrower fails to provide the certificate described in paragraphs (a) or (b) of this Section 3.03A, when due, or if such certificate states that the Borrower does not require all or any portion of the Loan Proceeds to complete the Project, such Loan Proceeds which are not certified by an Authorized Officer of the Borrower as being required to complete the Project ("Excess Project Funds") shall be applied by the State as a prepayment of the Borrower's Loan Repayments, and shall be applied to the principal payments (including premium, if any) on the Loan in inverse order of their maturity.

SECTION 3.04. Unconditional Obligations. The obligation of the Borrower to make the Loan Repayments and all other payments required hereunder and the obligation to perform and observe the other duties, covenants, obligations and agreements on its part contained herein shall be absolute and unconditional, and shall not be abated, rebated, set-off, reduced, abrogated, terminated, waived, diminished, postponed or otherwise modified in any manner or to any extent whatsoever while any Loan Repayments remain unpaid, for any reason, regardless of any contingency, act of God, event or cause whatsoever, including (without limitation) any acts or circumstances that may constitute failure of consideration, eviction or constructive eviction, the taking by eminent domain or destruction of or damage to the Project or Environmental Infrastructure System, commercial frustration of the purpose, any change in the laws of the United States of America or of the State or any political subdivision of either or in the rules or regulations of any governmental authority, any failure of the State to perform and observe any agreement, whether express or implied, or any duty, liability or obligation arising

out of or connected with the Project or this Loan Agreement, or any rights of set-off, recoupment, abatement or counterclaim that the Borrower might otherwise have against the State, the Trust or any other party or parties; provided, however, that payments hereunder shall not constitute a waiver of any such rights. The Borrower shall not be obligated to make any payments required to be made by any other Borrowers under separate Loan Agreements.

SECTION 3.05. Loan Agreement to Survive Loan. The Borrower acknowledges that its duties, covenants, obligations and agreements set forth in Sections 3.06(a) and (b) hereof shall survive the payment in full of the Loan.

SECTION 3.06. Disclaimer of Warranties and Indemnification.

(a) The Borrower acknowledges and agrees that: (i) the State does not make any warranty or representation, either express or implied, as to the value, design, condition, merchantability or fitness for particular purpose or fitness for any use of the Environmental Infrastructure System or the Project or any portions thereof or any other warranty or representation with respect thereto; (ii) in no event shall the State or its agents be liable or responsible for any incidental, indirect, special or consequential damages in connection with or arising out of this Loan Agreement or the Project or the existence, furnishing, functioning or use of the Environmental Infrastructure System or the Project or any item or products or services provided for in this Loan Agreement; and (iii) to the fullest extent permitted by law, the Borrower shall indemnify and hold the State harmless against, and the Borrower shall pay any and all, liability, loss, cost, damage, claim, judgment or expense of any and all kinds or nature and however arising and imposed by law, which the State may sustain, be subject to or be caused to incur by reason of any claim, suit or action based upon personal injury, death or damage to property, whether real, personal or mixed, or upon or arising out of contracts entered into by the Borrower, the Borrower's ownership of the Environmental Infrastructure System or the Project, or the acquisition, construction or installation of the Project.

(b) It is mutually agreed by the Borrower and the State that the State and its commissioners, officers, agents, servants or employees shall not be liable for, and shall be indemnified and saved harmless by the Borrower in any event from, any action performed under this Loan Agreement and any claim or suit of whatsoever nature, except in the event of loss or damage resulting from their own negligence or willful misconduct.

(c) In connection with its obligation to provide the insurance required under Section 2.02(j) hereof: (i) the Borrower shall include, or cause to be included, the State and its employees and officers as additional "named insureds" on (A) any certificate of liability insurance procured by the Borrower (or other similar document evidencing the liability insurance coverage procured by the Borrower) and (B) any certificate of liability insurance procured by any contractor or subcontractor for the Project, and from the later of the date of the Loan Closing or the date of the initiation of construction of the Project until the date the Borrower receives the written certificate of Project completion from the State, the Borrower shall maintain said liability insurance covering the State and said employees and officers in good standing; and (ii) the Borrower shall include the State as an additional "named insured" on any certificate of insurance providing against risk of direct physical loss, damage or destruction of the Environmental

Infrastructure System, and during the Loan Term the Borrower shall maintain said insurance covering the State in good standing.

The Borrower shall provide the State with a copy of each of any such original, supplemental, amendatory or reissued certificates of insurance (or other similar documents evidencing the insurance coverage) required pursuant to this Section 3.06(c).

SECTION 3.07. Option to Prepay Loan Repayments. The Borrower may prepay the Loan Repayments, in whole or in part, upon not less than ninety (90) days' prior written notice to the State; provided, however, that, with respect to any prepayment other than those required by Section 3.03A hereof, any such full or partial prepayment may only be made (i) if the Borrower is not then in arrears on its Trust Loan, (ii) if the Borrower is contemporaneously making a full or partial prepayment of the Trust Loan such that, after the prepayment of the Loan and the Trust Loan, the Trust gives its consent required under Section 3.07(iii) of the Trust Loan Agreement, and (iii) upon the prior written approval of the State. Prepayments shall be applied to the principal payments on the portion of the Loan to be prepaid in inverse order of their maturity.

SECTION 3.08. Priority of Loan and Trust Loan.

(a) The Borrower hereby agrees that, to the extent allowed by law, including, without limitation, the appropriations act of the New Jersey State Legislature authorizing the expenditure of Trust bond proceeds to finance a portion of the Costs of the Project, or the Borrower Bond Resolution, any loan repayments then due and payable on the Borrower's Trust Loan, including, without limitation, any administrative fees and any late payment charges then due and payable under the Trust Loan Agreement, shall be satisfied by the Trust before any Loan Repayments then due and payable hereunder on the Loan shall be satisfied by the Trust. The Borrower agrees not to interfere with any such action by the Trust.

(b) The Borrower hereby acknowledges that in the event the Borrower fails or is unable to pay promptly to the Trust in full any loan repayments on the Trust Loan, then any Loan Repayments paid by the Borrower on the Loan under this Loan Agreement and received by the Trust during the time of any such loan repayment deficiency under the Trust Loan Agreement shall be applied by the Trust *first* to satisfy such Trust Loan Agreement loan repayment deficiency as a credit against the obligations of the Borrower to make loan repayments of that portion of interest under the Trust Loan Agreement that is allocable to the amounts payable on Exhibit A-2 of the Trust Loan Agreement under the heading "bond interest", *second*, to the extent available, to make loan repayments of principal under the Trust Loan Agreement and payments of principal on the bond or note issued by the Borrower to the Trust pursuant to the Trust Loan Agreement, *third*, to the extent available, to the payment of the administrative fee payable under the Trust Loan Agreement and to make payments of that portion of interest under the bond or note issued by the Borrower to the Trust that is allocable to the administrative fee payable under the Trust Loan Agreement, *fourth*, to the extent available, to the payment of late charges payable under the Trust Loan Agreement and to make payments of that portion of interest under the bond issued by the Borrower to the Trust that is allocable to the late charges payable under the Trust Loan Agreement, and *finally*, to the extent available, to make Loan Repayments on the Loan.

SECTION 3.09. Approval of the New Jersey State Treasurer. The Borrower and the State hereby acknowledge that prior to or simultaneously with the Loan Closing the New Jersey State Treasurer, in satisfaction of the requirements of Section 9a of the Act, issued the “Certificate of the New Jersey State Treasurer Regarding the Approval of the Trust Loan and the Fund Loan” (the “Treasurer’s Certificate”). Pursuant to the terms of the Treasurer’s Certificate, the New Jersey State Treasurer approved the Loan and the terms and conditions thereof as established by the provisions of this Loan Agreement.

Neither this Loan Agreement nor the Borrower Bond may be assigned by the Borrower for any reason, unless the following conditions shall be satisfied: (i) the State shall have approved said assignment in writing; (ii) the assignee shall have expressly assumed in writing the full and faithful observance and performance of the Borrower's duties, covenants, obligations and agreements under this Loan Agreement and, to the extent permitted under applicable law, the Borrower Bond; and (iii) immediately after such assignment, the assignee shall not be in default in the observance or performance of any duties, covenants, obligations or agreements of the Borrower under this Loan Agreement or the Borrower Bond.

ARTICLE V

(b) failure by the Borrower to make, or cause to be made, any required payments of principal, redemption premium, if any, and interest on any bonds, notes or other obligations of the Borrower issued under the Borrower Bond Resolution (other than the Loan and the Borrower Bond) or otherwise secured by all or a portion of the property pledged under the Borrower Bond Resolution, after giving effect to the applicable grace period;

SECTION 5.03. Remedies on Default. Whenever an Event of Default referred to in Section 5.01 hereof shall have occurred and be continuing, the State shall have the right to take whatever action at law or in equity may appear necessary or desirable to collect the amounts then due and thereafter to become due hereunder or to enforce the observance and performance of any duty, covenant, obligation or agreement of the Borrower hereunder.

To the extent that you do not have an existing Bond Resolution, the pledge under your Bond Resolution should be drafted to constitute a general obligation pledge of (i) all the gross revenues of the company and (ii) any specific property (e.g. mortgage) or other security pledged for this transaction (e.g. letter of credit).

SEE IMPORTANT NOTE ON PRIOR PAGE

FOR VALUE RECEIVED, [the] [NAME OF BORROWER], a corporation duly created and validly existing under the Constitution and laws of the State of New Jersey (the "Borrower"), hereby promises to pay to the order of the State of New Jersey (the "State") the principal amount of _____ Dollars (\$ _____), or such lesser amount as shall be determined in accordance with Section 3.01 of the Loan Agreement (as hereinafter defined), at the times and in the amounts determined as provided in the Loan Agreement, plus any other amounts due and owing under the Loan Agreement at the times and in the amounts as provided therein. The Borrower irrevocably pledges its full faith and credit for the punctual payment of the principal of, and all other amounts due under, this Borrower Bond and the Loan Agreement according to their respective terms.

This Borrower Bond is issued pursuant to the Loan Agreement dated as of May 1, 2012 by and between the State, acting by and through the New Jersey Department of Environmental Protection, and the Borrower (the "Loan Agreement"). Payments under this Borrower Bond shall, except as otherwise provided in the Loan Agreement, be made directly to the Trust (as defined in the Loan Agreement) for the account of the State. This Borrower Bond is subject to assignment or endorsement in accordance with the terms of the Loan Agreement. All of the terms, conditions and provisions of the Loan Agreement are, by this reference thereto, incorporated herein as part of this Borrower Bond.

Pursuant to the Loan Agreement, disbursements shall be made by the State to the Borrower upon receipt by the State of requisitions from the Borrower executed and delivered in accordance with the requirements set forth in Section 3.02 of the Loan Agreement.

This Borrower Bond is entitled to the benefits and is subject to the conditions of the Loan Agreement. The obligations of the Borrower to make the payments required hereunder shall be absolute and unconditional, without any defense or right of set-off, counterclaim or recoupment by reason of any default by the State under the Loan Agreement or under any other agreement between the Borrower and the State or out of any indebtedness or liability at any time owing to the Borrower by the State or for any other reason.

This Borrower Bond is subject to optional prepayment under the terms and conditions, and in the amounts, provided in Section 3.07 of the Loan Agreement. To the extent allowed by applicable law, this Borrower Bond may be subject to acceleration under the terms and conditions, and in the amounts, provided in Section 5.03 of the Loan Agreement.

(ii) has obtained all licenses, permits, franchises or other governmental authorizations presently necessary for the ownership of its properties or for the conduct of its activities that, if not obtained, would materially adversely affect (A) the ability of the Borrower to conduct its activities or to undertake or complete the Project, (B) the ability of the Borrower to make the Loan Repayments and to pay all other amounts due hereunder, or (C) the condition (financial or otherwise) of the Borrower or its Environmental Infrastructure System.

(h) Use of Proceeds. The Borrower will apply the proceeds of the Loan from the Trust as described in Exhibit B attached hereto and made a part hereof (i) to finance or refinance a portion of the Costs of the Borrower's Project; and (ii) where applicable, to reimburse the Borrower for a portion of the Costs of the Borrower's Project, which portion was paid or incurred in anticipation of reimbursement by the Trust and is eligible for such reimbursement under and pursuant to the Regulations, the Code and any other applicable law. All of such costs constitute Costs for which the Trust is authorized to make Loans to the Borrower pursuant to the Act and the Regulations.

(i) Official Statement. The descriptions and information set forth in the Borrower Appendices, if any, contained in the Official Statement relating to the Borrower, its operations and the transactions contemplated hereby, as of the date of the Official Statement, were and, as of the date of delivery hereof, are true and correct in all material respects, and did not and do not

contain any untrue statement of a material fact or omit to state a material fact that is necessary to make the statements contained therein, in light of the circumstances under which they were made, not misleading.

(j) Preliminary Official Statement. As of the date of the Preliminary Official Statement, the descriptions and information set forth in the Borrower Appendices, if any, contained in the Preliminary Official Statement relating to the Borrower, its operations and the transactions contemplated hereby (i) were “deemed final” by the Borrower for the purposes and within the meaning of Rule 15c2-12 and (ii) were true and correct in all material respects, and did not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements contained therein, in light of the circumstances under which they were made, not misleading.

SECTION 2.02. Particular Covenants of Borrower.

(a) Promise to Pay. The Borrower unconditionally and irrevocably promises in accordance with the terms of and to the extent provided in the Borrower Bond Resolution, to make punctual payment of the principal and redemption premium, if any, of the Loan and the Borrower Bond, the Interest on the Loan, the Interest on the Borrower Bond and all other amounts due under this Loan Agreement and the Borrower Bond according to their respective terms.

(b) Performance Under Loan Agreement; Rates. The Borrower covenants and agrees (i) to comply with all applicable state and federal laws, rules and regulations in the performance of this Loan Agreement; (ii) to maintain its Environmental Infrastructure System in good repair and operating condition; (iii) to cooperate with the Trust in the observance and performance of the respective duties, covenants, obligations and agreements of the Borrower and the Trust under this Loan Agreement; and (iv) to establish, levy and collect rents, rates and other charges for the products and services provided by its Environmental Infrastructure System, which rents, rates and other charges shall be at least sufficient to comply with all covenants pertaining thereto contained in, and all other provisions of, any bond resolution, trust indenture or other security agreement, if any, relating to any bonds, notes or other evidences of indebtedness issued or to be issued by the Borrower, including without limitation rents, rates and other charges, together with other available moneys, sufficient to pay the principal of and Interest on the Borrower Bond, plus all other amounts due hereunder.

(c) Borrower Bond; No Prior Liens. Except for (i) the Borrower Bond, (ii) any bonds or notes at parity with the Borrower Bond and currently outstanding or issued on the date hereof, (iii) any future bonds or notes of the Borrower issued under the Borrower Bond Resolution at parity with the Borrower Bond, and (iv) any Permitted Encumbrances (as defined in the Borrower Bond Resolution), the assets of the Borrower that are subject to the Borrower Bond Resolution are and will be free and clear of any pledge, lien, charge or encumbrance thereon or with respect thereto prior to, or of equal rank with, the Borrower Bond, and all corporate or other action on the part of the Borrower to that end has been and will be duly and validly taken.

(d) Completion of Project and Provision of Moneys Therefor. The Borrower covenants and agrees (i) to exercise its best efforts in accordance with prudent environmental

infrastructure utility practice to complete the Project and to accomplish such completion on or before the estimated Project completion date set forth in Exhibit G hereto and made a part hereof; (ii) to comply with the terms and provisions contained in Exhibit G hereto; and (iii) to provide from its own fiscal resources all moneys, in excess of the total amount of loan proceeds it receives under the Loan and Fund Loan, required to complete the Project.

(e) See Section 2.02(e) as set forth in Schedule A attached hereto, made a part hereof and incorporated in this Section 2.02(e) by reference as if set forth in full herein.

(f) Exclusion of Interest from Federal Gross Income and Compliance with Code.

(i) The Borrower covenants and agrees that it shall not take any action or omit to take any action that would result in the loss of the exclusion of the interest on any Trust Bonds now or hereafter issued from gross income for purposes of federal income taxation as that status is governed by Section 103(a) of the Code.

(ii) The Borrower shall not directly or indirectly use or permit the use of any proceeds of the Trust Bonds (or amounts replaced with such proceeds) or any other funds or take any action or omit to take any action that would cause the Trust Bonds (assuming solely for this purpose that the proceeds of the Trust Bonds loaned to the Borrower represent all of the proceeds of the Trust Bonds) to be “arbitrage bonds” within the meaning of Section 148(a) of the Code.

(iii) The Borrower shall not directly or indirectly use or permit the use of any proceeds of the Trust Bonds to pay the principal of or the interest or redemption premium on or any other amount in connection with the retirement or redemption of any issue of state or local governmental obligations (“refinancing of indebtedness”), unless the Borrower shall (A) establish to the satisfaction of the Trust, prior to the issuance of the Trust Bonds, that such refinancing of indebtedness will not adversely affect the exclusion from gross income for federal income tax purposes of the interest on the Trust Bonds, and (B) provide to the Trust an opinion of Bond Counsel to that effect in form and substance satisfactory to the Trust.

(iv) The Borrower shall not directly or indirectly use or permit the use of any proceeds of the Trust Bonds to reimburse the Borrower for an expenditure with respect to a Costs of the Borrower’s Project paid by the Borrower prior to the issuance of the Trust Bonds, unless (A) the allocation by the Borrower of the proceeds of the Trust Bonds to reimburse such expenditure complies with the requirements of Treasury Regulations §1.150-2 necessary to enable the reimbursement allocation to be treated as an expenditure of the proceeds of the Trust Bonds for purposes of applying Sections 103 and 141-150, inclusive, of the Code, or (B) such proceeds of the Trust Bonds will be used for refinancing of indebtedness that was used to pay Costs of the Borrower’s Project or to reimburse the Borrower for expenditures with respect to Costs of the Borrower’s Project paid by the Borrower prior to the issuance of such indebtedness in accordance with a reimbursement allocation for such expenditures that complies with the requirements of Treasury Regulations §1.150-2.

(v) The Borrower shall not directly or indirectly use or permit the use of any proceeds of the Trust Bonds to pay any costs which are not Costs of the Borrower's Project that constitute a "capital expenditure" within the meaning of Treasury Regulations §1.150-1.

(vi) The Borrower shall not use the proceeds of the Trust Bonds (assuming solely for this purpose that the proceeds of the Trust Bonds loaned to the Borrower represent all of the proceeds of the Trust Bonds) in any manner that would cause the Trust Bonds to be considered "federally guaranteed" within the meaning of Section 149(b) of the Code or "hedge bonds" within the meaning of Section 149(g) of the Code.

(vii) The Borrower shall not issue any debt obligations that (A) are sold at substantially the same time as the Trust Bonds and finance or refinance the Loan made to the Borrower, (B) are sold pursuant to the same plan of financing as the Trust Bonds and finance or refinance the Loan made to the Borrower, and (C) are reasonably expected to be paid out of substantially the same source of funds as the Trust Bonds and finance or refinance the Loan made to the Borrower.

(viii) Neither the Borrower nor any "related party" (within the meaning of Treasury Regulations §1.150-1) shall purchase Trust Bonds in an amount related to the amount of the Loan.

(ix) The Borrower will not issue or permit to be issued obligations that will constitute an "advance refunding" of the Borrower Bond within the meaning of Section 149(d)(5) of the Code without the express written consent of the Trust, which consent may only be delivered by the Trust after the Trust has received notice from the Borrower of such contemplated action no later than sixty (60) days prior to any such contemplated action, and which consent is in the sole discretion of the Trust.

(x) See Section 2.02(f)(xi) as set forth in Schedule A attached hereto, made a part hereof and incorporated in this Section 2.02(f)(xi) by reference as if set forth in full herein.

(xi) No "gross proceeds" of the Trust Bonds held by the Borrower (other than amounts in a "bona fide debt service fund") will be held in a "commingled fund" (as such terms are defined in Treasury Regulations §1.148-1(b)).

(xii) Based upon all of the objective facts and circumstances in existence on the date of issuance of the Trust Bonds used to finance the Project, (A) within six months of the date of issuance of the Trust Bonds used to finance the Project, the Borrower will incur a substantial binding obligation to a third party to expend on the Project at least five percent (5%) of the "net sale proceeds" (within the meaning of Treasury Regulations §1.148-1) of the Loan used to finance the Project (treating an obligation as not being binding if it is subject to contingencies within the control of the Borrower, the Trust or a "related party" (within the meaning of Treasury Regulations §1.150-1)), (B) completion of the Project and the allocation to expenditures of the "net sale proceeds" of the Loan used to finance the Project will proceed with due diligence, and (C) all of the proceeds of

the Loan used to finance the Project (other than amounts deposited into the Debt Service Reserve Fund (to the extent the Trust establishes a Debt Service Reserve Fund pursuant to the Bond Resolution) allocable to that portion of the Loan used to finance reserve capacity, if any) and investment earnings thereon will be spent prior to the period ending three (3) years subsequent to the date of issuance of the Trust Bonds used to finance the Project. Accordingly, the proceeds of the Loan deposited in the Project Loan Account used to finance the Project will be eligible for the 3-year arbitrage temporary period since the expenditure test, time test and due diligence test, as set forth in Treasury Regulations §1.148-2(e)(2), will be satisfied.

(xiii) The weighted average maturity of the Loan does not exceed 120% of the average reasonably expected economic life of the Project financed or refinanced with the Loan, determined in the same manner as under Section 147(b) of the Code. Accordingly, the term of the Loan will not be longer than is reasonably necessary for the governmental purposes of the Loan within the meaning of Treasury Regulations §1.148-1(c)(4).

(xiv) The Borrower shall, within 30 days of date the Borrower concludes that no additional proceeds of the Loan will be required to pay costs of the Project, provide to the Trust a certificate of the Borrower evidencing such conclusion.

For purposes of this subsection and subsection (h) of this Section 2.02, quoted terms shall have the meanings given thereto by Section 148 of the Code, including, particularly, Treasury Regulations §§1.148-1 through 1.148-11, inclusive, as supplemented or amended, to the extent applicable to the Trust Bonds, and any successor Treasury Regulations applicable to the Trust Bonds.

(g) Operation and Maintenance of Environmental Infrastructure System. The Borrower covenants and agrees that it shall, in accordance with prudent environmental infrastructure utility practice, (i) at all times operate the properties of its Environmental Infrastructure System and any business in connection therewith in an efficient manner, (ii) maintain its Environmental Infrastructure System in good repair, working order and operating condition, and (iii) from time to time make all necessary and proper repairs, renewals, replacements, additions, betterments and improvements with respect to its Environmental Infrastructure System so that at all times the business carried on in connection therewith shall be properly and advantageously conducted.

(h) Records and Accounts.

(i) The Borrower shall keep accurate records and accounts for its Environmental Infrastructure System (the "System Records") separate and distinct from its other records and accounts (the "General Records"). Such System Records shall be audited annually by an independent certified public accountant, which may be part of the annual audit of the General Records of the Borrower. Such System Records and General Records shall be made available for inspection by the Trust at any reasonable time upon prior written notice, and a copy of such annual audit(s) therefor, including all written comments and recommendations of such accountant, shall be furnished to the Trust

within 150 days of the close of the fiscal year being so audited or, with the consent of the Trust, such additional period as may be provided by law.

(ii) Within 30 days following receipt of any Loan proceeds, including without limitation the “Allowance for Administrative Costs” or the “Allowance for Planning and Design” set forth in Exhibit B hereto, the Borrower shall allocate such proceeds to an expenditures in a manner that satisfies the requirements of Treasury Regulation §1.148-6(d) and transmit a copy of each such allocation to the Trust. No portion of the Allowance for Administrative Costs will be allocated to a cost other than a cost described in N.J.A.C. 7:22-5.11(a) 3, 4 or 6. No portion of the Allowance for Planning and Design will be allocated to a cost other than a cost described N.J.A.C. 7:22-5.12, or other costs of the Borrower’s Environmental Infrastructure System which are “capital expenditures,” within the meaning of Treasury Regulations §1.150-1. The Borrower shall retain records of such allocations for at least until the date that is three years after the scheduled maturity date of the Trust Bonds. The Borrower shall make such records available to the Trust within 15 days of any request by the Trust.

(iii) Unless otherwise advised in writing by the Trust, in furtherance of the covenant of the Borrower contained in subsection (f) of this Section 2.02 not to cause the Trust Bonds to be arbitrage bonds, the Borrower shall keep, or cause to be kept, accurate records of each investment it makes in any “nonpurpose investment” acquired with, or otherwise allocated to, “gross proceeds” of the Trust Bonds not held by the Trustee and each “expenditure” it makes allocated to “gross proceeds” of the Trust Bonds. Such records shall include the purchase price, including any constructive “payments” (or in the case of a “payment” constituting a deemed acquisition of a “nonpurpose investment” (e.g., a “nonpurpose investment” first allocated to “gross proceeds” of the Trust Bonds after it is actually acquired because it is deposited in a sinking fund for the Trust Bonds)), the “fair market value” of the “nonpurpose investment” on the date first allocated to the “gross proceeds” of the Trust Bonds, nominal interest rate, dated date, maturity date, type of property, frequency of periodic payments, period of compounding, yield to maturity, amount actually or constructively received on disposition (or in the case of a “receipt” constituting a deemed disposition of a “nonpurpose investment” (e.g., a “nonpurpose investment” that ceases to be allocated to the “gross proceeds” of the Trust Bonds because it is removed from a sinking fund for the Trust Bonds)), the “fair market value” of the “nonpurpose investment” on the date it ceases to be allocated to the “gross proceeds” of the Trust Bonds, the purchase date and disposition date of the “nonpurpose investment” and evidence of the “fair market value” of such property on the purchase date and disposition date (or deemed purchase or disposition date) for each such “nonpurpose investment”. The purchase date, disposition date and the date of determination of “fair market value” shall be the date on which a contract to purchase or sell the “nonpurpose investment” becomes binding, i.e., the trade date rather than the settlement date. For purposes of the calculation of purchase price and disposition price, brokerage or selling commissions, administrative expenses or similar expenses shall not increase the purchase price of an item and shall not reduce the amount actually or constructively received upon disposition of an item, except to the extent such costs constitute “qualified administrative costs”.

(iv) Within thirty (30) days of the last day of the fifth and each succeeding fifth “bond year” (which, unless otherwise advised by the Trust, shall be the five-year period ending on the date five years subsequent to the date immediately preceding the date of issuance of the Trust Bonds and each succeeding fifth “bond year”) and within thirty (30) days of the date the last bond that is part of the Trust Bonds is discharged (or on any other periodic basis requested in writing by the Trust), the Borrower shall (A) calculate, or cause to be calculated, the “rebate amount” as of the “computation date” or “final computation date” attributable to any “nonpurpose investment” made by the Borrower and (B) remit the following to the Trust: (1) an amount of money that when added to the “future value” as of the “computation date” of any previous payments made to the Trust on account of rebate equals the “rebate amount”, (2) the calculations supporting the “rebate amount” attributable to any “nonpurpose investment” made by the Borrower allocated to “gross proceeds” of the Trust Bonds, and (3) any other information requested by the Trust relating to compliance with Section 148 of the Code (e.g., information related to any “nonpurpose investment” of the Borrower for purposes of application of the “universal cap”).

(v) The Borrower covenants and agrees that it will account for “gross proceeds” of the Trust Bonds, investments allocable to the Trust Bonds and expenditures of “gross proceeds” of the Trust Bonds in accordance with Treasury Regulations §1.148-6. All allocations of “gross proceeds” of the Trust Bonds to expenditures will be recorded on the books of the Borrower kept in connection with the Trust Bonds no later than 18 months after the later of the date the particular Costs of the Borrower’s Project is paid or the date the portion of the project financed by the Trust Bonds is placed in service. All allocations of proceeds of the Trust Bonds to expenditures will be made no later than the date that is 60 days after the fifth anniversary of the date the Trust Bonds are issued or the date 60 days after the retirement of the Trust Bonds, if earlier. Such records and accounts will include the particular Costs paid, the date of the payment and the party to whom the payment was made.

(vi) From time to time as directed by the Trust, the Borrower shall provide to the Trust a written report demonstrating compliance by the Borrower with the provisions of Section 2.02(f) of this Loan Agreement, each such written report to be submitted by the Borrower to the Trust in the form of a full and complete written response to a questionnaire provided by the Trust to the Borrower. Each such questionnaire shall be provided by the Trust to the Borrower not less than fourteen (14) days prior to the date established by the Trust for receipt from the Borrower of the full and complete written response to the questionnaire.

(i) Inspections; Information. The Borrower shall permit the Trust and the Trustee and any party designated by any of such parties, at any and all reasonable times during construction of the Project and thereafter upon prior written notice, to examine, visit and inspect the property, if any, constituting the Project and to inspect and make copies of any accounts, books and records, including (without limitation) its records regarding receipts, disbursements, contracts, investments and any other matters relating thereto and to its financial standing, and shall supply such reports and information as the Trust and the Trustee may reasonably require in connection therewith.

(j) Insurance. The Borrower shall maintain or cause to be maintained, in force, insurance policies with responsible insurers or self-insurance programs providing against risk of direct physical loss, damage or destruction of its Environmental Infrastructure System at least to the extent that similar insurance is usually carried by utilities constructing, operating and maintaining Environmental Infrastructure Facilities of the nature of the Borrower's Environmental Infrastructure System, including liability coverage, all to the extent available at reasonable cost but in no case less than will satisfy all applicable regulatory requirements.

(k) Costs of Project. The Borrower certifies that the building cost of the Project, as listed in Exhibit B hereto and made a part hereof, is a reasonable and accurate estimation thereof, and it will supply to the Trust a certificate from a licensed professional engineer authorized to practice in the State stating that such building cost is a reasonable and accurate estimation and that the useful life of the Project exceeds the maturity date of the Borrower Bond.

(l) Delivery of Documents. Concurrently with the delivery of this Loan Agreement (as previously authorized, executed and attested) at the Loan Closing, the Borrower will cause to be delivered to the Trust and the Trustee each of the following items:

(i) an opinion of the Borrower's bond counsel substantially in the form of Exhibit E hereto; provided, however, that the Trust may permit portions of such opinion to be rendered by general counsel to the Borrower and may permit variances in such opinion from the form set forth in Exhibit E if, in the opinion of the Trust, such variances are not to the material detriment of the interests of the holders of the Trust Bonds;

(ii) counterparts of this Loan Agreement as previously executed and attested by the parties hereto;

(iii) copies of those resolutions finally adopted by the board of directors of the Borrower and requested by the Trust, including, without limitation, (A) the resolution of the Borrower authorizing the execution, attestation and delivery of this Loan Agreement, (B) the Borrower Bond Resolution, as amended and supplemented as of the date of the Loan Closing, authorizing the execution, attestation, authentication, sale and delivery of the Borrower Bond to the Trust, (C) the resolution of the Borrower, if any, confirming the details of the sale of the Borrower Bond to the Trust, (D) the resolution of the Borrower, if any, declaring its official intent to reimburse expenditures for the Costs of the Project from the proceeds of the Trust Bonds, each of said resolutions of the Borrower being certified by an Authorized Officer of the Borrower as of the date of the Loan Closing, (E) the resolution of the BPU approving the issuance by the Borrower of the Borrower Bond to the Trust and setting forth any other approvals required therefor by the BPU, if applicable, and (F) any other Proceedings;

(iv) if the Loan is being made to reimburse the Borrower for all or a portion of the Costs of the Borrower's Project or to refinance indebtedness or reimburse the Borrower for the repayment of indebtedness previously incurred by the Borrower to finance all or a portion of the Costs of the Borrower's Project, an opinion of Bond Counsel, in form and substance satisfactory to the Trust, to the effect that such

reimbursement or refinancing will not adversely affect the exclusion from gross income for federal income tax purposes of the interest on the Trust Bonds; and

(v) the certificates of insurance coverage as required pursuant to the terms of Section 3.06(d) hereof and such other certificates, documents, opinions and information as the Trust may require in Exhibit F hereto, if any.

(m) Execution and Delivery of Borrower Bond. Concurrently with the delivery of this Loan Agreement at the Loan Closing, the Borrower shall also deliver to the Trust the Borrower Bond, as previously executed, attested and, if applicable, authenticated, upon the receipt of a written certification of the Trust that a portion of the net proceeds of the Trust Bonds shall be deposited in the Project Loan Account simultaneously with the delivery of the Borrower Bond.

(n) Notice of Material Adverse Change. The Borrower shall promptly notify the Trust of any material adverse change in the properties, activities, prospects or condition (financial or otherwise) of the Borrower or its Environmental Infrastructure System, or in the ability of the Borrower to make all Loan Repayments and otherwise to observe and perform its duties, covenants, obligations and agreements under this Loan Agreement and the Borrower Bond.

(o) Continuing Representations. The representations of the Borrower contained herein shall be true at the time of the execution of this Loan Agreement and at all times during the term of this Loan Agreement.

(p) Continuing Disclosure Covenant. To the extent that the Trust, in its sole discretion, determines, at any time prior to the termination of the Loan Term, that the Borrower is a material "obligated person", as the term "obligated person" is defined in Rule 15c2-12, with materiality being determined by the Trust pursuant to criteria established, from time to time, by the Trust in its sole discretion and set forth in a bond resolution or official statement of the Trust, the Borrower hereby covenants that it will authorize and provide to the Trust, for inclusion in any preliminary official statement or official statement of the Trust, all statements and information relating to the Borrower deemed material by the Trust for the purpose of satisfying Rule 15c2-12 as well as Rule 10b-5 promulgated pursuant to the Securities Exchange Act of 1934, as amended or supplemented, including any successor regulation or statute thereto ("Rule 10b-5"), including certificates and written representations of the Borrower evidencing its compliance with Rule 15c2-12 and Rule 10b-5; and the Borrower hereby further covenants that the Borrower shall execute and deliver the Continuing Disclosure Agreement, in substantially the form attached hereto as Exhibit H, with such revisions thereto prior to execution and delivery thereof as the Trust shall determine to be necessary, desirable or convenient, in its sole discretion, for the purpose of satisfying Rule 15c2-12 and the purposes and intent thereof, as Rule 15c2-12, its purposes and intent may hereafter be interpreted from time to time by the SEC or any court of competent jurisdiction; and pursuant to the terms and provisions of the Continuing Disclosure Agreement, the Borrower shall thereafter provide on-going disclosure with respect to all statements and information relating to the Borrower in satisfaction of the requirements set forth in Rule 15c2-12 and Rule 10b-5, including, without limitation, the provision of certificates and written representations of the Borrower evidencing its compliance with Rule 15c2-12 and Rule 10b-5.

(q) Additional Covenants and Requirements. (i) No later than the Loan Closing and, if necessary, in connection with the Trust's issuance of the Trust Bonds or the making of the Loan, additional covenants and requirements have been included in Exhibit F hereto and made a part hereof. Such covenants and requirements may include, but need not be limited to the maintenance of specified levels of Environmental Infrastructure System rates, the issuance of additional debt of the Borrower, the use by or on behalf of the Borrower of certain proceeds of the Trust Bonds as such use relates to the exclusion from gross income for federal income tax purposes of the interest on any Trust Bonds, the transfer of revenues and receipts from the Borrower's Environmental Infrastructure System, compliance with Rule 15c2-12, Rule 10b-5 and any other applicable federal or state securities laws, and matters in connection with the appointment of the Trustee under the Bond Resolution and any successors thereto. The Borrower hereby agrees to observe and comply with each such additional covenant and requirement, if any, included in Exhibit F hereto as if the same were set forth herein in its entirety. (ii) Additional defined terms, covenants, representations and requirements have been included in Schedule A attached hereto and made a part hereof. Such additional defined terms, covenants, representations and requirements are incorporated in this Loan Agreement by reference thereto as if set forth in full herein and the Borrower hereby agrees to observe and comply with each such additional term, covenant, representation and requirement included in Schedule A as if the same were set forth in its entirety where reference thereto is made in this Loan Agreement.

ARTICLE III

LOAN TO BORROWER; AMOUNTS PAYABLE; GENERAL AGREEMENTS

SECTION 3.01. Loan; Loan Term. The Trust hereby agrees to make the Loan as described in Exhibit A-2 hereof and to disburse proceeds of the Loan to the Borrower in accordance with Section 3.02 and Exhibit C hereof, and the Borrower hereby agrees to borrow and accept the Loan from the Trust upon the terms set forth in Exhibit A-2 attached hereto and made a part hereof; provided, however, that the Trust shall be under no obligation to make the Loan if (a) at the Loan Closing, the Borrower does not deliver to the Trust a Borrower Bond and such other documents required under Section 2.02(l) hereof, or (b) an Event of Default has occurred and is continuing under the Bond Resolution or this Loan Agreement. Although the Trust intends to disburse proceeds of the Loan to the Borrower at the times and up to the amounts set forth in Exhibit C to pay a portion of the Costs of the Project, due to unforeseen circumstances there may not be a sufficient amount on deposit in the Project Fund on any date to make the disbursement in such amount. Nevertheless, the Borrower agrees that the amount actually deposited in the Project Loan Account at the Loan Closing plus the Borrower's allocable share of (i) certain costs of issuance and underwriter's discount for all Trust Bonds issued to finance the Loan; (ii) capitalized interest during the Project construction period, if applicable; and (iii) that portion of the Debt Service Reserve Fund (to the extent the Trust establishes a Debt Service Reserve Fund pursuant to the Bond Resolution) attributable to the cost of funding reserve capacity for the Project, if applicable, shall constitute the initial principal amount of the Loan (as the same may be adjusted downward in accordance with the definition thereof), and neither the Trust nor the Trustee shall have any obligation thereafter to loan any additional amounts to the Borrower.

The Borrower shall use the proceeds of the Loan strictly in accordance with Section 2.01(h) hereof.

The payment obligations created under this Loan Agreement and the obligations to pay the principal of the Borrower Bond, Interest on the Borrower Bond and other amounts due under the Borrower Bond are direct, general irrevocable and unconditional obligations of the Borrower payable from any source legally available to the Borrower in accordance with the terms of and to the extent provided in the Borrower Bond Resolution.

SECTION 3.02. Disbursement of Loan Proceeds.

(a) The Trustee, as the agent of the Trust, shall disburse the amounts on deposit in the Project Loan Account to the Borrower upon receipt of a requisition executed by an Authorized Officer of the Borrower, and approved by the Trust, in a form meeting the requirements of Section 5.02(3) of the Bond Resolution.

(b) The Trust and Trustee shall not be required to disburse any Loan proceeds to the Borrower under this Loan Agreement, unless:

(i) the proceeds of the Trust Bonds shall be available for disbursement, as determined solely by the Trust;

(ii) in accordance with the Bond Act, and the Regulations, the Borrower shall have timely applied for, shall have been awarded and, prior to or simultaneously with the Loan Closing, shall have closed a Fund Loan for a portion of the Allowable Costs (as defined in such Regulations) of the Project in an amount not in excess of the amount of Allowable Costs of the Project financed by the Loan from the Trust;

(iii) the Borrower shall have on hand moneys to pay for the greater of (A) that portion of the total Costs of the Project that is not eligible to be funded from the Fund Loan or the Loan, or (B) that portion of the total Costs of the Project that exceeds the actual amounts of the loan commitments made by the State and the Trust, respectively, for the Fund Loan and the Loan; and

(iv) no Event of Default nor any event that, with the passage of time or service of notice or both, would constitute an Event of Default shall have occurred and be continuing hereunder.

SECTION 3.03. Amounts Payable.

(a) The Borrower shall repay the Loan in installments payable to the Trustee as follows:

(i) the principal of the Loan shall be repaid annually on the Principal Payment Dates, in accordance with the schedule set forth in Exhibit A-2 attached hereto and made a part hereof, as the same may be amended or modified by any credits applicable to the Borrower as set forth in the Bond Resolution;

(ii) the Interest Portion described in clause (i) of the definition thereof shall be paid semiannually on the Interest Payment Dates, in accordance with the schedule set forth in Exhibit A-2 attached hereto and made a part hereof, as the same may be amended or modified by any credits applicable to the Borrower as set forth in the Bond Resolution; and

(iii) the Interest Portion described in clause (ii) of the definition thereof shall be paid upon the date of optional redemption or acceleration, as the case may be, of the Trust Bonds allocable to any prepaid or accelerated Trust Bond Loan Repayment.

The obligations of the Borrower under the Borrower Bond shall be deemed to be amounts payable under this Section 3.03. Each Loan Repayment, whether satisfied through a direct payment by the Borrower to the Trustee or (with respect to the Interest Portion) through the use of Trust Bond proceeds and income thereon on deposit in the Interest Account (as defined in the Bond Resolution) to pay interest on the Trust Bonds, shall be deemed to be a credit against the corresponding obligation of the Borrower under this Section 3.03 and shall fulfill the Borrower's obligation to pay such amount hereunder and under the Borrower Bond. Each payment made to the Trustee pursuant to this Section 3.03 shall be applied *first* to the Interest Portion then due and payable, *second* to the principal of the Loan then due and payable, *third* to the payment of the Administrative Fee, and *finally* to the payment of any late charges hereunder.

(b) The Interest on the Loan described in clause (iii) of the definition thereof shall (i) consist of a late charge for any Trust Bond Loan Repayment that is received by the Trustee later than the tenth (10th) day following its due date and (ii) be payable immediately thereafter in an amount equal to the greater of twelve percent (12%) per annum or the Prime Rate plus one half of one percent per annum on such late payment from its due date to the date it is actually paid; provided, however, that the rate of Interest on the Loan, including, without limitation, any late payment charges incurred hereunder, shall not exceed the maximum interest rate permitted by law.

(c) The Borrower shall receive, as a credit against its semiannual payment obligations of the Interest Portion, the amounts certified by the Trust pursuant to Section 5.10 of the Bond Resolution. Such amounts shall represent the Borrower's allocable share of the interest earnings on certain funds and accounts established under the Bond Resolution, calculated in accordance with Section 5.10 of the Bond Resolution.

(d) In accordance with the provisions of the Bond Resolution, the Borrower shall receive, as a credit against its Trust Bond Loan Repayments, the amounts set forth in the certificate of the Trust filed with the Trustee pursuant to Section 5.02(4) of the Bond Resolution.

(e) The Interest on the Loan described in clause (ii) of the definition thereof shall be paid by the Borrower in the amount of one-half of the Administrative Fee, if any, to the Trustee semiannually on each February 1 and August 1, commencing August 1, 2012.

(f) The Borrower hereby agrees to pay to the Trust at the Loan Closing a "Security Review Fee" in the amount necessary to reimburse the Trust for all of its costs and expenses incurred in connection with reviewing the additional security securing the Trust Loan as set forth in Exhibit F hereto, if any, including without limitation the fees and expenses of any professional advisers hired by the Trust in connection therewith.

SECTION 3.03A. Amounts on Deposit in Project Loan Account After Completion of Project Draws.

(a) If, on the date which is thirty (30) days following the final date for which a disbursement of Loan proceeds is scheduled to be made pursuant to Exhibit C hereto, any amounts remain on deposit in the Borrower's Project Loan Account, the Borrower must provide to the Trust and the Department a certificate of an Authorized Officer of the Borrower (i) stating that the Borrower has not yet completed the Project, (ii) stating that the Borrower intends to complete the Project, (iii) setting forth the amount of remaining Loan Proceeds required to complete the Project, and (iv) providing a revised draw schedule, in a form similar to Exhibit C hereto and approved by the Department.

(b) If, on the date which is thirty (30) days following the final date for which a disbursement of Loan proceeds is scheduled to be made pursuant to a revised draw schedule certified to the Trust and the Department in accordance with Section 3.03A(a) hereof, any amounts remain on deposit in the Borrower's Project Loan Account, the Borrower must provide to the Trust and the Department a certificate of an Authorized Officer of the Borrower (i) stating that the Borrower has not yet completed the Project, (ii) stating that the Borrower intends to

complete the Project, (iii) setting forth the amount of remaining Loan Proceeds required to complete the Project, and (iv) providing a revised draw schedule, in a form similar to Exhibit C hereto and approved by the Department.

(c) If, on the date which the Borrower has completed the Project, any amounts remain on deposit in the Borrower's Project Loan Account, the Borrower must within thirty (30) days following such date provide to the Trust and the Department a certificate (i) stating that the Project is complete and (ii) setting forth the remaining costs, if any, of the Project for which a disbursement of Loan will be required.

(d) If the Borrower fails to provide the certificate described in paragraphs (a), (b) or (c) of this Section 3.03A, when due, or if such certificate states that the Borrower does not require all or any portion of the amount on deposit in the Project Loan Account to complete the Project, such amounts on deposit in the Project Loan Account which are not certified by an Authorized Officer of the Borrower as being required to complete the Project ("Excess Project Funds") shall be applied as follows:

(i) If Trust Bonds can be redeemed within sixty (60) days of the date the Borrower is required to provide the certificate described in paragraphs (a), (b) or (c) of this Section 3.03A, the Excess Project Funds shall be used by the Trust within such sixty (60) day period to redeem Trust Bonds, including payment of any pre-payment premium. The Trust Bonds shall be redeemed in inverse order of their maturity. The amount of any maturity redeemed shall not exceed the same proportion as the Loan bears to all Loans made from proceeds of the Trust Bonds rounded down to whole denominations or any integral multiple. The aggregate amount of Trust Bonds so redeemed shall not be less than the amount of nonqualified bonds allocable to the Borrower under Treasury Regulations §1.142-12. The Excess Project Funds used to redeem Trust Bonds shall be applied by the Trust as a prepayment of the Borrower's Loan Repayments with respect to the redeemed bonds. Any excess shall be held by Trust invested at a yield which does not exceed the yield on the Trust Bonds.

(ii) If Trust Bonds can not be redeemed within sixty (60) days of the date the Borrower is required to provide the certificate described in paragraphs (a), (b) or (c) of this Section 3.03A, the Trust shall, within such sixty (60) day period, (A) deposit all of the Excess Project Funds in a defeasance escrow established to defease Trust Bonds in inverse order of their maturity, in the same proportion as the Loan bears to all Loans made from proceeds of the Trust Bonds, (B) provide the notice to the Internal Revenue Service required pursuant to Treasury Regulations §1.142-2(c)(2), or any successor income tax regulations, and (C) apply the Excess Project Funds as a prepayment of the Borrower's Loan Repayments for the defeased Trust Bonds. The aggregate amount of Trust Bonds so defeased shall not be less than the amount of nonqualified bonds allocable to the Borrower under Treasury Regulations §1.142-12.

SECTION 3.04. Unconditional Obligations. The obligation of the Borrower to make the Loan Repayments and all other payments required hereunder and the obligation to perform and observe the other duties, covenants, obligations and agreements on its part contained herein shall be absolute and unconditional, and shall not be abated, rebated, set-off,

reduced, abrogated, terminated, waived, diminished, postponed or otherwise modified in any manner or to any extent whatsoever while any Trust Bonds remain outstanding or any Loan Repayments remain unpaid, for any reason, regardless of any contingency, act of God, event or cause whatsoever, including (without limitation) any acts or circumstances that may constitute failure of consideration, eviction or constructive eviction, the taking by eminent domain or destruction of or damage to the Project or Environmental Infrastructure System, commercial frustration of the purpose, any change in the laws of the United States of America or of the State or any political subdivision of either or in the rules or regulations of any governmental authority, any failure of the Trust or the Trustee to perform and observe any agreement, whether express or implied, or any duty, liability or obligation arising out of or connected with the Project, this Loan Agreement or the Bond Resolution, or any rights of set-off, recoupment, abatement or counterclaim that the Borrower might otherwise have against the Trust, the Trustee or any other party or parties; provided, however, that payments hereunder shall not constitute a waiver of any such rights. The Borrower shall not be obligated to make any payments required to be made by any other Borrowers under separate Loan Agreements or the Bond Resolution.

The Borrower acknowledges that payment of the Trust Bonds by the Trust, including payment from moneys drawn by the Trustee from the Debt Service Reserve Fund (to the extent the Trust establishes a Debt Service Reserve Fund pursuant to the Bond Resolution), does not constitute payment of the amounts due under this Loan Agreement and the Borrower Bond. If at any time the amount in the Debt Service Reserve Fund shall be less than the Debt Service Reserve Requirement as the result of any transfer of moneys from the Debt Service Reserve Fund to the Debt Service Fund (as all such terms are defined in the Bond Resolution) as the result of a failure by the Borrower to make any Trust Bond Loan Repayments required hereunder, the Borrower agrees to replenish (i) such moneys so transferred and (ii) any deficiency arising from losses incurred in making such transfer as the result of the liquidation by the Trust of Investment Securities (as defined in the Bond Resolution) acquired as an investment of moneys in the Debt Service Reserve Fund, by making payments to the Trust in equal monthly installments for the lesser of six (6) months or the remaining term of the Loan at an interest rate to be determined by the Trust necessary to make up any loss caused by such deficiency.

The Borrower acknowledges that payment of the Trust Bonds from moneys that were originally received by the Trustee from repayments by the Borrowers of loans made to the Borrowers by the State, acting by and through the Department, pursuant to loan agreements dated as of May 1, 2012 by and between the Borrowers and the State, acting by and through the Department, to finance or refinance a portion of the Costs of the Environmental Infrastructure Facilities of the Borrowers, and which moneys were upon such receipt by the Trustee deposited in the Trust Bonds Security Account (as defined in the Bond Resolution) does not constitute payment of the amounts due under this Loan Agreement and the Borrower Bond.

SECTION 3.05. Loan Agreement to Survive Bond Resolution and Trust Bonds. The Borrower acknowledges that its duties, covenants, obligations and agreements hereunder shall survive the discharge of the Bond Resolution applicable to the Trust Bonds and shall survive the payment of the principal and redemption premium, if any, of and the interest on the Trust Bonds until the Borrower can take no action or fail to take any action that could adversely affect the exclusion from gross income of the interest on the Trust Bonds for purposes of federal

income taxation, at which time such duties, covenants, obligations and agreements hereunder shall, except for those set forth in Sections 3.06(a) and (b) hereof, terminate.

SECTION 3.06. Disclaimer of Warranties and Indemnification.

(a) The Borrower acknowledges and agrees that (i) neither the Trust nor the Trustee makes any warranty or representation, either express or implied, as to the value, design, condition, merchantability or fitness for particular purpose or fitness for any use of the Environmental Infrastructure System or the Project or any portions thereof or any other warranty or representation with respect thereto; (ii) in no event shall the Trust or the Trustee or their respective agents be liable or responsible for any incidental, indirect, special or consequential damages in connection with or arising out of this Loan Agreement or the Project or the existence, furnishing, functioning or use of the Environmental Infrastructure System or the Project or any item or products or services provided for in this Loan Agreement; and (iii) to the fullest extent permitted by law, the Borrower shall indemnify and hold the Trust and the Trustee harmless against, and the Borrower shall pay any and all, liability, loss, cost, damage, claim, judgment or expense of any and all kinds or nature and however arising and imposed by law, which the Trust and the Trustee may sustain, be subject to or be caused to incur by reason of any claim, suit or action based upon personal injury, death or damage to property, whether real, personal or mixed, or upon or arising out of contracts entered into by the Borrower, the Borrower's ownership of the Environmental Infrastructure System or the Project, or the acquisition, construction or installation of the Project.

(b) It is mutually agreed by the Borrower, the Trust and the Trustee that the Trust and its officers, agents, servants or employees shall not be liable for, and shall be indemnified and saved harmless by the Borrower in any event from, any action performed under this Loan Agreement and any claim or suit of whatsoever nature, except in the event of loss or damage resulting from their own negligence or willful misconduct. It is further agreed that the Trustee and its directors, officers, agents, servants or employees shall not be liable for, and shall be indemnified and saved harmless by the Borrower in any event from, any action performed pursuant to this Loan Agreement, except in the event of loss or damage resulting from their own negligence or willful misconduct.

(c) The Borrower and the Trust agree that all claims shall be subject to and governed by the provisions of the New Jersey Contractual Liability Act, N.J.S.A. 59:13-1 *et seq.* (except for N.J.S.A. 59:13-9 thereof), although such Act by its express terms does not apply to claims arising under contract with the Trust.

(d) In connection with its obligation to provide the insurance required under Section 2.02(j) hereof: (i) the Borrower shall include, or cause to be included, the Trust and its directors, employees and officers as additional "named insureds" on (A) any certificate of liability insurance procured by the Borrower (or other similar document evidencing the liability insurance coverage procured by the Borrower) and (B) any certificate of liability insurance procured by any contractor or subcontractor for the Project, and from the later of the date of the Loan Closing or the date of the initiation of construction of the Project until the date the Borrower receives the written certificate of Project completion from the Trust, the Borrower shall maintain said liability insurance covering the Trust and said directors, employees and officers in good standing; and (ii)

the Borrower shall include the Trust as an additional “named insured” on any certificate of insurance providing against risk of direct physical loss, damage or destruction of the Environmental Infrastructure System, and during the Loan Term the Borrower shall maintain said insurance covering the Trust in good standing.

The Borrower shall provide the Trust with a copy of each of any such original, supplemental, amendatory or reissued certificates of insurance (or other similar documents evidencing the insurance coverage) required pursuant to this Section 3.06(d).

SECTION 3.07. Option to Prepay Loan Repayments. The Borrower may prepay the Trust Bond Loan Repayments, in whole or in part (but if in part, in the amount of \$100,000 or any integral multiple thereof), upon prior written notice to the Trust and the Trustee not less than ninety (90) days in addition to the number of days’ advance notice to the Trustee required for any optional redemption of the Trust Bonds, and upon payment by the Borrower to the Trustee of amounts that, together with investment earnings thereon, will be sufficient to pay the principal amount of the Trust Bond Loan Repayments to be prepaid plus the Interest Portion described in clause (ii) of the definition thereof on any such date of redemption; provided, however, that, with respect to any prepayment other than those required by Section 3.03A hereof, any such full or partial prepayment may only be made (i) if the Borrower is not then in arrears on its Fund Loan, (ii) if the Borrower is contemporaneously making a full or partial prepayment of the Fund Loan such that, after the prepayment of the Loan and the Fund Loan, the Trust, in its sole discretion, determines that the interests of the owners of the Trust Bonds are not adversely affected by such prepayments, and (iii) upon the prior written approval of the Trust. In addition, if at the time of such prepayment the Trust Bonds may only be redeemed at the option of the Trust upon payment of a premium, the Borrower shall add to its prepayment of Trust Bond Loan Repayments an amount, as determined by the Trust, equal to such premium allocable to the Trust Bonds to be redeemed as a result of the Borrower’s prepayment. Prepayments shall be applied first to the Interest Portion that accrues on the portion of the Loan to be prepaid until such prepayment date as described in clause (ii) of the definition thereof and then to principal payments (including premium, if any) on the Loan in inverse order of their maturity.

SECTION 3.08. Priority of Loan and Fund Loan.

(a) The Borrower hereby acknowledges that, to the extent allowed by law or the Borrower Bond Resolution, any Loan Repayments then due and payable on the Loan shall be satisfied by the Trustee before any loan repayments on the Borrower’s Fund Loan shall be satisfied by the Trustee. The Borrower agrees not to interfere with any such action by the Trustee.

(b) The Borrower hereby acknowledges that in the event the Borrower fails or is unable to pay promptly to the Trust in full any Trust Bond Loan Repayments under this Loan Agreement when due, then any (i) Administrative Fee paid hereunder, (ii) late charges paid hereunder, and (iii) loan repayments paid by the Borrower on its Fund Loan under the related loan agreement therefor, any of which payments shall be received by the Trustee during the time of any such Trust Bond Loan Repayment deficiency, shall be applied by the Trustee *first* to satisfy such Trust Bond Loan Repayment deficiency as a credit against the obligations of the Borrower to make payments of the Interest Portion under the Loan and the Borrower Bond,

second, to the extent available, to make Trust Bond Loan Repayments of principal hereunder and payments of principal under the Borrower Bond, *third*, to the extent available, to pay the Administrative Fee, *fourth*, to the extent available, to pay any late charges hereunder, *fifth*, to the extent available, to satisfy the repayment of the Borrower's Fund Loan under its related loan agreement therefor, and *finally*, to the extent available, to satisfy the repayment of the administrative fee under any such related loan agreement.

(c) The Borrower hereby further acknowledges that any loan repayments paid by the Borrower on its Fund Loan under the related loan agreement therefor shall be applied according to the provisions of the Master Program Trust Agreement.

SECTION 3.09. Approval of the New Jersey State Treasurer. The Borrower and the Trust hereby acknowledge that prior to or simultaneously with the Loan Closing the New Jersey State Treasurer, in satisfaction of the requirements of Section 9a of the Act, issued the "Certificate of the New Jersey State Treasurer Regarding the Approval of the Trust Loan and the Fund Loan" (the "Treasurer's Certificate"). Pursuant to the terms of the Treasurer's Certificate, the New Jersey State Treasurer approved the Loan and the terms and conditions thereof as established by the provisions of this Loan Agreement.

ARTICLE IV

ASSIGNMENT OF LOAN AGREEMENT AND BORROWER BOND

SECTION 4.01. Assignment and Transfer by Trust.

(a) The Borrower hereby expressly acknowledges that, other than the provisions of Section 2.02(d)(ii) hereof, the Trust's right, title and interest in, to and under this Loan Agreement and the Borrower Bond have been assigned to the Trustee as security for the Trust Bonds as provided in the Bond Resolution, and that if any Event of Default shall occur, the Trustee or any Bond Insurer (as such term may be defined in the Bond Resolution), if applicable, pursuant to the Bond Resolution, shall be entitled to act hereunder in the place and stead of the Trust. The Borrower hereby acknowledges the requirements of the Bond Resolution applicable to the Trust Bonds and consents to such assignment and appointment. This Loan Agreement and the Borrower Bond, including, without limitation, the right to receive payments required to be made by the Borrower hereunder and to compel or otherwise enforce observance and performance by the Borrower of its other duties, covenants, obligations and agreements hereunder, may be further transferred, assigned and reassigned in whole or in part to one or more assignees or subassignees by the Trustee at any time subsequent to their execution without the necessity of obtaining the consent of, but after giving prior written notice to, the Borrower.

The Trust shall retain the right to compel or otherwise enforce observance and performance by the Borrower of its duties, covenants, obligations and agreements under Section 2.02(d)(ii) hereof; provided, however, that in no event shall the Trust have the right to accelerate the Borrower Bond in connection with the enforcement of Section 2.02(d)(ii) hereof.

(b) The Borrower hereby approves and consents to any assignment or transfer of this Loan Agreement and the Borrower Bond that the Trust deems to be necessary in connection with any refunding of the Trust Bonds or the issuance of additional bonds under the Bond Resolution or otherwise, all in connection with the pooled loan program of the Trust.

SECTION 4.02. Assignment by Borrower. Neither this Loan Agreement nor the Borrower Bond may be assigned by the Borrower for any reason, unless the following conditions shall be satisfied: (i) the Trust and the Trustee shall have approved said assignment in writing; (ii) the assignee shall have expressly assumed in writing the full and faithful observance and performance of the Borrower's duties, covenants, obligations and agreements under this Loan Agreement and, to the extent permitted under applicable law, the Borrower Bond; (iii) immediately after such assignment, the assignee shall not be in default in the observance or performance of any duties, covenants, obligations or agreements of the Borrower under this Loan Agreement or the Borrower Bond; and (iv) the Trust shall have received an opinion of Bond Counsel to the effect that such assignment will not adversely affect the security of the holders of the Trust Bonds or the exclusion of the interest on the Trust Bonds from gross income for purposes of federal income taxation under Section 103(a) of the Code.

ARTICLE V

EVENTS OF DEFAULT AND REMEDIES

SECTION 5.01. Events of Default. If any of the following events occur, it is hereby defined as and declared to be and to constitute an “Event of Default”:

(a) failure by the Borrower to pay, or cause to be paid, any Trust Bond Loan Repayment required to be paid hereunder when due, which failure shall continue for a period of fifteen (15) days;

(b) failure by the Borrower to make, or cause to be made, any required payments of principal, redemption premium, if any, and interest on any bonds, notes or other obligations of the Borrower issued under the Borrower Bond Resolution (other than the Loan and the Borrower Bond) or otherwise secured by all or a portion of the property pledged under the Borrower Bond Resolution, after giving effect to the applicable grace period;

(c) failure by the Borrower to pay, or cause to be paid, the Administrative Fee or any late charges incurred hereunder or any portion thereof when due or to observe and perform any duty, covenant, obligation or agreement on its part to be observed or performed under this Loan Agreement, other than as referred to in subsection (a) of this Section 5.01 or other than the obligations of the Borrower contained in Section 2.02(d)(ii) hereof and in Exhibit F hereto, which failure shall continue for a period of thirty (30) days after written notice, specifying such failure and requesting that it be remedied, is given to the Borrower by the Trustee, unless the Trustee shall agree in writing to an extension of such time prior to its expiration; provided, however, that if the failure stated in such notice is correctable but cannot be corrected within the applicable period, the Trustee may not unreasonably withhold its consent to an extension of such time up to 120 days from the delivery of the written notice referred to above if corrective action is instituted by the Borrower within the applicable period and diligently pursued until the Event of Default is corrected;

(d) any representation made by or on behalf of the Borrower contained in this Loan Agreement, or in any instrument furnished in compliance with or with reference to this Loan Agreement or the Loan, is false or misleading in any material respect;

(e) a petition is filed by or against the Borrower under any federal or state bankruptcy or insolvency law or other similar law in effect on the date of this Loan Agreement or thereafter enacted, unless in the case of any such petition filed against the Borrower such petition shall be dismissed within thirty (30) days after such filing and such dismissal shall be final and not subject to appeal; or the Borrower shall become insolvent or bankrupt or shall make an assignment for the benefit of its creditors; or a custodian (including, without limitation, a receiver, liquidator or trustee of the Borrower or any of its property) shall be appointed by court order or take possession of the Borrower or its property or assets if such order remains in effect or such possession continues for more than thirty (30) days;

(f) the Borrower shall generally fail to pay its debts as such debts become due; and

(g) failure of the Borrower to observe or perform such additional duties, covenants, obligations, agreements or conditions as are required by the Trust and specified in Exhibit F attached hereto and made a part hereof.

SECTION 5.02. Notice of Default. The Borrower shall give the Trustee and the Trust prompt telephonic notice of the occurrence of any Event of Default referred to in Section 5.01(d) or (e) hereof and of the occurrence of any other event or condition that constitutes an Event of Default at such time as any senior administrative or financial officer of the Borrower becomes aware of the existence thereof.

SECTION 5.03. Remedies on Default. Whenever an Event of Default referred to in Section 5.01 hereof shall have occurred and be continuing, the Borrower acknowledges the rights of the Trustee and of any Bond Insurer to direct any and all remedies in accordance with the terms of the Bond Resolution, and the Borrower also acknowledges that the Trust shall have the right to take, or to direct the Trustee to take, any action permitted or required pursuant to the Bond Resolution and to take whatever other action at law or in equity may appear necessary or desirable to collect the amounts then due and thereafter to become due hereunder or to enforce the observance and performance of any duty, covenant, obligation or agreement of the Borrower hereunder.

In addition, if an Event of Default referred to in Section 5.01(a) hereof shall have occurred and be continuing, the Trust shall, to the extent allowed by applicable law and to the extent and in the manner set forth in the Bond Resolution, have the right to declare, or to direct the Trustee to declare, all Loan Repayments and all other amounts due hereunder (including, without limitation, payments under the Borrower Bond) together with the prepayment premium, if any, calculated pursuant to Section 3.07 hereof to be immediately due and payable, and upon notice to the Borrower the same shall become due and payable without further notice or demand.

SECTION 5.04. Attorneys' Fees and Other Expenses. The Borrower shall on demand pay to the Trust or the Trustee the reasonable fees and expenses of attorneys and other reasonable expenses (including, without limitation, the reasonably allocated costs of in-house counsel and legal staff) incurred by either of them in the collection of Trust Bond Loan Repayments or any other sum due hereunder or in the enforcement of the observation or performance of any other duties, covenants, obligations or agreements of the Borrower upon an Event of Default.

SECTION 5.05. Application of Moneys. Any moneys collected by the Trust or the Trustee pursuant to Section 5.03 hereof shall be applied (a) *first* to pay any attorneys' fees or other fees and expenses owed by the Borrower pursuant to Section 5.04 hereof, (b) *second*, to the extent available, to pay the Interest Portion then due and payable, (c) *third*, to the extent available, to pay the principal due and payable on the Loan, (d) *fourth*, to the extent available, to pay the Administrative Fee, any late charges incurred hereunder or any other amounts due and payable under this Loan Agreement, and (e) *fifth*, to the extent available, to pay the Interest Portion and the principal on the Loan and other amounts payable hereunder as such amounts become due and payable.

SECTION 5.06. No Remedy Exclusive; Waiver; Notice. No remedy herein conferred upon or reserved to the Trust or the Trustee is intended to be exclusive, and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Loan Agreement or now or hereafter existing at law or in equity. No delay or omission to exercise any right, remedy or power accruing upon any Event of Default shall impair any such right, remedy or power or shall be construed to be a waiver thereof, but any such right, remedy or power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Trust or the Trustee to exercise any remedy reserved to it in this Article V, it shall not be necessary to give any notice other than such notice as may be required in this Article V.

SECTION 5.07. Retention of Trust's Rights. Notwithstanding any assignment or transfer of this Loan Agreement pursuant to the provisions hereof or of the Bond Resolution, or anything else to the contrary contained herein, the Trust shall have the right upon the occurrence of an Event of Default to take any action, including (without limitation) bringing an action against the Borrower at law or in equity, as the Trust may, in its discretion, deem necessary to enforce the obligations of the Borrower to the Trust pursuant to Section 5.03 hereof.

IMPORTANT NOTE: The next three pages set forth the form of the Borrower Bond prepared by the Trust's Bond Counsel for municipal/county Borrowers. Although the Trust recognizes that each corporate Borrower has its own bond form as required pursuant to its Borrower Bond Resolution, please incorporate in the bond form the pertinent information from this municipal/county bond form (e.g., amounts payable under the Borrower Bond set forth in the first paragraph, assignment in the second paragraph, disbursement language in the third paragraph, unconditional obligation in the fourth paragraph, optional prepayment provisions in the fifth paragraph and the date of the Borrower Bond). To the extent that you do not have an existing Bond Resolution, the pledge under your Bond Resolution should be drafted to constitute a general obligation pledge of (i) all the gross revenues of the company and (ii) any specific property (e.g. mortgage) or other security pledged for this transaction (e.g. letter of credit).

SEE IMPORTANT NOTE ON PRIOR PAGE

FOR VALUE RECEIVED, [the] [NAME OF BORROWER], a corporation duly created and validly existing under the Constitution and laws of the State (the "Borrower"), hereby promises to pay to the order of the New Jersey Environmental Infrastructure Trust (the "Trust") (i) the principal amount of _____ Dollars (\$_____), or such lesser amount as shall be determined in accordance with Section 3.01 of the Loan Agreement (as hereinafter defined), at the times and in the amounts determined as provided in the Loan Agreement, together with (ii) Interest on the Loan constituting the Interest Portion, the Administrative Fee and any late charges incurred under the Loan Agreement (as such terms are defined in the Loan Agreement) in the amount calculated as provided in the Loan Agreement, payable on the days and in the amounts and as provided in the Loan Agreement, which principal amount and Interest Portion of the Interest on the Loan shall, unless otherwise provided in the Loan Agreement, be payable on the days and in the amounts as also set forth in Exhibit A attached hereto under the column headings respectively entitled "Principal" and "Interest", plus (iii) any other amounts due and owing under the Loan Agreement at the times and in the amounts as provided therein. The Borrower unconditionally and irrevocably promises, in accordance with the terms of and to the extent provided in the Borrower Bond Resolution (as defined in the Loan Agreement) to pay in full and when due the principal of and the Interest on this Borrower Bond (as defined in the Loan Agreement) and all other amounts due under this Borrower Bond and the Loan Agreement according to their respective terms.

This Borrower Bond is issued pursuant to the Loan Agreement dated as of May 1, 2012 by and between the Trust and the Borrower (the "Loan Agreement"). This Borrower Bond is issued in consideration of the loan made under the Loan Agreement (the "Loan") to evidence the payment obligations of the Borrower set forth in the Loan Agreement. This Borrower Bond has been assigned to U.S. Bank National Association, as trustee (the "Trust's Trustee") under the "Environmental Infrastructure Bond Resolution, Series 2012B", adopted by the Trust on March 15, 2012, as the same may be amended and supplemented in accordance with the terms thereof (the "Bond Resolution"), and payments hereunder shall, except as otherwise provided in the Loan Agreement, be made directly to the Trust's Trustee for the account of the Trust pursuant to such assignment. Such assignment has been made as security for the payment of the Trust Bonds (as defined in the Loan Agreement) issued to finance or refinance the Loan and as otherwise described in the Loan Agreement. This Borrower Bond is subject to further assignment or endorsement in accordance with the terms of the Bond Resolution and the Loan Agreement. All of the terms, conditions and provisions of the Loan Agreement are, by this reference thereto, incorporated herein as part of this Borrower Bond.

Pursuant to the Loan Agreement, disbursements shall be made by the Trustee to the Borrower, in accordance with written instructions of the Trust, upon receipt by the Trust and the Trust's Trustee of requisitions from the Borrower executed and delivered in accordance with the requirements set forth in Section 3.02 of the Loan Agreement.

This Borrower Bond is entitled to the benefits and is subject to the conditions of the Loan Agreement. The obligations of the Borrower to make the payments required hereunder shall be absolute and unconditional, without any defense or right of set-off, counterclaim or recoupment by reason of any default by the Trust under the Loan Agreement or under any other agreement between the Borrower and the Trust or out of any indebtedness or liability at any time owing to the Borrower by the Trust or for any other reason.

This Borrower Bond is subject to optional prepayment under the terms and conditions, and in the amounts, provided in Section 3.07 of the Loan Agreement. To the extent allowed by applicable law, this Borrower Bond may be subject to acceleration under the terms and conditions, and in the amounts, provided in Section 5.03 of the Loan Agreement.
