RISK FACTORS

Investing in our securities involves significant risks. Before making an investment decision, you should carefully consider the risk factors incorporated by reference into this prospectus supplement under “Risk Factors” in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2009, as the same may be updated from time to time by our future filings with the SEC under the Securities Exchange Act of 1934, as amended. You should also refer to the other information contained in or incorporated by reference in this prospectus supplement, including our financial statements and the related notes incorporated by reference herein. Additional risks and uncertainties not presently known to us at this time or that we deem immaterial may also materially and adversely affect our business and operations. In that case, the trading price of our securities could decline and you might lose all or part of your investment.

USE OF PROCEEDS

Based on the offering price of \$15.21, we estimate that the net proceeds to us from this offering will be approximately \$24.6 million (\$28.3 million if the underwriters' over-allotment is exercised in full), after the payment of assumed underwriting discounts and commissions and estimated offering expenses by us.

We expect to use all of the net proceeds to reduce the balance of our outstanding short-term borrowings, which consist of borrowings from PNC Bank, National Association (\$20.0 million at 1.34% interest, with a rolling maturity date), Bank of America, N.A. (\$14.0 million at 1.56% interest, with a rolling maturity date), and CoBANK, ACB (\$4.0 million at 2.35% interest, with a rolling maturity date). These short-term borrowings were primarily incurred to finance our enterprise-wide capital program and satisfy our maturity obligations on a first mortgage bond. The capital program amounted to \$19.3 million for the twelve months ended March 31, 2010 and the \$15.0 million Series W first mortgage bond was retired in February 2009.

UNDERWRITING

Janney Montgomery Scott LLC and Edward D. Jones & Co., L.P. are the underwriters. Subject to the terms and conditions of an underwriting agreement dated June 8, 2010, the underwriters have agreed to purchase, and we have agreed to sell to the underwriters, the number of shares of common stock set forth opposite their respective names below at the public offering price less the underwriting discount on the cover page of this prospectus supplement.

Underwriters	Number of Shares
Janney Montgomery Scott LLC	1,530,000
Edward D. Jones & Co., L.P.	170,000
Total	1,700,000

The underwriting agreement provides that obligations of the underwriters to purchase the shares that are being offered are subject to the approval of certain legal matters by counsel to the underwriters and to certain other conditions. Each underwriter is obligated to purchase all of the shares of common stock set forth opposite its name above being offered by this prospectus supplement (other than shares of common stock covered by the over-allotment option described below) if it purchases any of such shares of common stock.

The underwriters propose to offer some of the shares of common stock to the public initially at the offering price per share shown on the cover page of this prospectus supplement and may offer shares to certain dealers at such price less a concession not in excess of \$0.34 per share. The underwriters may allow, and such dealers may reallow, a concession not in excess of \$0.10 per share to certain other dealers. After the public offering of the common stock, the public offering price and the concessions may be changed by the underwriters.

The following table shows the per share and total underwriting discount to be paid to the underwriters by us. These amounts are shown assuming both no exercise and full exercise of the underwriters' option to purchase the over-allotment shares:

	Per Share		Total	
	Without Over- allotment	With Over- allotment	Without Over- allotment	With Over-allotment
Underwriter discounts and commissions to be paid by us	\$ 0.60	\$ 0.60	\$1,020,000	\$ 1,173,000

We estimate that our out-of-pocket expenses for this offering, including the non-accountable expense allowance of \$50,000 to be paid to the underwriters, will be approximately \$260,000.

We have granted to the underwriters an option, exercisable for up to 30 days after the date of this prospectus supplement, to purchase up to 255,000 additional shares of common stock, at the same price per share as the public offering price, less the underwriting discounts and commissions shown on the cover page of this prospectus supplement. The underwriters may exercise such option only to cover over-allotments in the sale of the shares of common stock offered by this prospectus supplement. To the extent the underwriters exercise this option, each of the underwriters has a firm commitment, subject to certain conditions, to purchase a number of the additional shares of common stock proportionate to such underwriter's initial commitment as indicated in the table above that lists the underwriters.

In connection with this offering and in compliance with applicable securities laws, the underwriters may over-allot (i.e., sell more shares of common stock than is shown on the cover page of this prospectus supplement) and may effect transactions that stabilize, maintain or otherwise affect the market price of the common stock at levels above those which might otherwise prevail in the open market. Such transactions may include making short sales and placing bids for the common stock or effecting purchases of the common stock for the purpose of pegging, fixing or maintaining the price of the common stock or for the purpose of reducing a short position created in connection

TABLE OF CONTENTS

with the offering. A short position may be covered by exercise of the over-allotment option described above in place of or in addition to open market purchases.

Additionally, the underwriters may engage in syndicate covering transactions, which involve purchases of shares of common stock in the open market after the distribution has been completed in order to cover syndicate short positions. In determining the source of shares to close out a covered short sale, the underwriters will consider, among other things, the open market price of shares compared to the price available under the over-allotment option.

The underwriters may also sell shares in excess of the over-allotment option, creating a naked short position. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the common stock in the open market after pricing that could adversely affect investors who purchase in the offering.

The underwriters may also impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the shares of the common stock originally sold by that syndicate member are purchased in a stabilizing transaction or syndicate covering transaction to cover syndicate short positions. The imposition of a penalty bid may have an effect on the price of the common stock to the extent that it may discourage resales of the common stock.

In connection with this offering, the underwriters, selling group members or their respective affiliates who are qualified market makers on the Nasdaq Global Select Market may engage in passive market making transactions in our common stock on the Nasdaq Global Select Market in accordance with Rule 103 of Regulation M under the Securities Exchange Act of 1934, as amended, during the period prior to the pricing of the offering before the commencement of offers and sales of the common stock. Passive market makers must comply with applicable volume and price limitations and must be identified as such. In general, a passive market maker must display its bid at a price not in excess of the highest independent bid for such security. If all independent bids are lowered below the passive market maker's bid, however, such bid must then be lowered when certain purchase limits are exceeded.

We and the underwriters make no representation or prediction as to the direction or magnitude of any effect that these transactions may have on the price of the common stock. In addition, we and the underwriters make no representation that the underwriters will engage in such transactions or that such transactions, once commenced, will not be discontinued without notice.

Each underwriter does not intend to confirm sales of the common stock to any accounts over which it exercises discretionary authority.

The underwriting agreement provides that our directors and executive officers will agree not to, directly or indirectly, sell or otherwise dispose of any of our common shares for a period of 90 days after the completion of this offering, without the prior written consent of Janney Montgomery Scott LLC, on behalf of the underwriters. Together, this group owns, prior to the offering, 3.9% of the outstanding common shares on June 8, 2010. We have also agreed to make no such sales during this period except in connection with the issuance of shares pursuant to our stock option plan for eligible employees, outside director stock compensation plan, and dividend reinvestment and common stock purchase plan.

We have agreed to indemnify the underwriters against certain liabilities that may be incurred in connection with this offering, including liabilities under the Securities Act of 1933, as amended, and to contribute to payments the underwriters may be required to make in respect thereof.

The underwriters and their affiliates may from time to time in the future provide investment banking and other services to us for which they are expected to receive customary fees and commissions.

ABOUT THIS PROSPECTUS

This Prospectus is part of a registration statement that we filed with the United States Securities and Exchange Commission (the "SEC") using a "shelf" registration process. Under this shelf process, we may, from time to time, sell common stock in one or more offerings under this registration statement. This prospectus provides you with a general description of the securities we may offer. Each time we sell any securities under this prospectus, we will provide a prospectus supplement filed with the SEC that will contain specific information about the terms of that offering. The prospectus supplement also may add, update or change information contained in this prospectus. You should read this prospectus and the applicable prospectus supplement together with the additional information described below under the heading "Where You Can Find More Information" before you decide whether to invest in our securities.

The registration statement (including the exhibits) of which this prospectus is a part contains additional information about us and the securities we may offer under this prospectus. We may file certain other legal documents that will control the terms of the securities we may offer under this prospectus as exhibits to the registration statement or as exhibits to reports we file with the SEC. The registration statement and the reports can be read at the SEC web site or at the SEC offices mentioned under the heading "Where You Can Find More Information."

Our Company

Middlesex Water Company has operated as a water utility in New Jersey since 1897, in Delaware, through our wholly-owned subsidiary, Tidewater, since 1992 and in Pennsylvania, through our wholly-owned subsidiary, Twin Lakes, since 2009. We are in the business of collecting, treating, distributing and selling water for domestic, commercial, municipal, industrial and fire protection purposes. We also operate a New Jersey municipal water and wastewater system under contract and provide wastewater services in New Jersey and Delaware through our subsidiaries. We are regulated as to the rates charged to customers for water and wastewater services, as to the quality of water service we provide and as to certain other matters. Our issuances of equity securities are subject to the prior approval of the New Jersey Board of Public Utilities (the "NJBP") and require registration with the SEC, unless an exemption from registration is available. Our issuances of long-term debt securities are subject to the prior approval of the utility commissions by which the issuing subsidiary is regulated. Only our USA, USA-PA and White Marsh subsidiaries are not regulated utilities.

TABLE OF CONTENTS

Our Middlesex System provides water services to approximately 59,800 retail customers, primarily in central New Jersey. The Middlesex System also provides water service under contract to municipalities in central New Jersey with a total population of approximately 303,000. Through our subsidiary, USA-PA, we operate the water supply system and wastewater system for the City of Perth Amboy, New Jersey. Our other New Jersey subsidiaries, Pinelands Water and Pinelands Wastewater, provide water and wastewater services to residents in Southampton Township, New Jersey. Our USA subsidiary offers residential customers in New Jersey and Delaware a service line maintenance program called LinecareSM.

Our Delaware subsidiaries, Tidewater and Southern Shores, provide water services to approximately 33,200 retail customers in New Castle, Kent and Sussex Counties, Delaware. Our TESI subsidiary provides regulated wastewater service to approximately 1,900 residential retail customers in Delaware. Our White Marsh subsidiary serves an additional 7,200 customers under unregulated operating contracts with various owners of small water and wastewater systems in Kent and Sussex Counties.

Our Twin Lakes subsidiary provides water system services to approximately 120 customers in Shohola, Pennsylvania.

Our Strategy

Our strategy is focused on four key areas:

- Serve as a trusted and continually-improving provider of safe, reliable and cost-effective water, wastewater and related services.
- Provide a comprehensive suite of water and wastewater solutions in the continually-developing Delaware market that results in profitable growth.
- Pursue profitable growth in our core states of New Jersey and Delaware, as well as additional states.
- Invest in products, services and other viable opportunities that complement our core competencies.

Recent Developments

Middlesex Rate Matters

On March 17, 2010, Middlesex's application with the NJBPU seeking permission to increase its base rates was partially approved, granting an increase in annual operating revenues of 13.57%, or \$7.8 million. The rate increase request was made to seek recovery of increased costs of operations, chemicals and fuel, electricity, taxes, labor and benefits, decreases in industrial and commercial customer demand patterns, as well as capital investment. The new rates are designed to recover these increased costs, as well as a return on invested capital in rate base of \$180.3 million based on a return on equity of 10.30%.

USE OF PROCEEDS

We will receive all of the net proceeds from the sale of shares of our common stock. Unless otherwise specified in a prospectus supplement accompanying this prospectus, we expect to use the net proceeds from the sale of our shares for general corporate purposes, which may include, among other things, reduction or refinancing of debt or other corporate obligations, the financing of capital expenditures and working capital.

The actual application of proceeds from the sale of shares of our common stock issued hereunder will be described in the applicable prospectus supplement relating thereto. Our management will have broad discretion in the allocation of net proceeds from the sale of any securities sold by us.

DESCRIPTION OF CAPITAL STOCK

Our authorized capital stock consists of 40,000,000 shares of common stock, without par value, 134,472 shares of Preferred Stock, without par value, and 100,000 shares of Preference Stock, without par value. As of April 29, 2010, there were 13,566,281 shares of common stock outstanding, an aggregate of 31,873 shares of Preferred Stock outstanding in four separate series and no shares of Preference Stock outstanding. The issuance of the common stock offered hereby is subject to approval by the NJBPU.

The transfer agent for the common stock is Registrar and Transfer Company. Our outstanding common stock is traded on The Nasdaq Global Select Market under the symbol "MSEX".

Certain New Jersey state laws and provisions in our Restated Certificate of Incorporation may deter or prevent a change in control of us and/or a change in management, even if desired by a majority of the shareholders.

The following is a brief summary of certain information relating to our common stock, Preferred Stock and Preference Stock. This summary does not purport to be complete and is intended to outline such information in general terms only.

Dividend Rights

Our Restated Certificate of Incorporation provides that whenever full dividends have been paid on the Preferred Stock and the Preference Stock outstanding for all past quarterly periods, the Board of Directors may declare and pay dividends on the common stock out of legally available funds.

The dividend rate for our varying classes of Preferred Stock is as follows: \$7 per share per annum for the \$7 Series Cumulative Preferred Stock, \$4.75 per share per annum for the \$4.75 Series Cumulative Preferred Stock, \$7 per share per annum for the \$7 Cumulative and Convertible Preferred Stock, and \$8 per share per annum for the \$8 Series Cumulative and Convertible Preferred Stock. As of the quarter ended March 31, 2010, all such dividends have been paid.

Voting Rights

Every holder of our common stock is entitled to one vote for each share held of record. Our Restated Certificate of Incorporation and By-laws provide for a Board of Directors divided into three classes of directors serving staggered three-year terms. A classified board has the effect of increasing the time required to effect a change in control of the Board of Directors. Our By-laws provide that nominations for directors must be (i) made in writing, (ii) received by the Secretary of the Company not less than 21 days prior to the date fixed for the meeting of shareholders and (iii) accompanied by the written consent of the nominee to serve as a director. In addition, the Restated Certificate of Incorporation provides that the By-laws may only be amended by shareholders if the holders of two-thirds or more of the issued and outstanding shares of common stock vote for the amendment. Our Restated Certificate of Incorporation also provides that shareholders may take action only at an annual or special meeting upon prior notice and pursuant to a vote.

No holder of Preferred Stock has any right to vote for the election of directors or, except as otherwise required by law, for any other purpose; provided, however, that if and whenever dividends

TABLE OF CONTENTS

on the outstanding Preferred Stock are in arrears in an amount equal to at least four quarterly dividends, the holders of the outstanding Preferred Stock of all series, voting as a class, are entitled, until all dividends in arrears are paid, to elect two members to the Board of Directors, which two members shall be in addition to the directors elected by the holders of the common stock. Holders of Preference Stock (none of which has been issued) will have such voting rights as are established by the Board of Directors, provided that such voting rights will not exceed or be superior to the voting rights of the holders of common stock. Whenever dividends on the outstanding Preference Stock are in arrears in an amount equal to at least four quarterly dividends, the holders of the outstanding Preference Stock of all series, voting as a class, are entitled, until all dividends in arrears are paid, to elect two members to the Board of Directors, which two members shall be in addition to the members elected by the holders of the common stock and by the holders of Preferred Stock. In addition, unless certain tests set forth in our charter are met, the consent of the holders of a majority of the outstanding shares of Preferred Stock of all series, voting as a class, is required for issuance or sale of any additional series of Preferred Stock or any class of stock ranking prior to or on a parity with Preferred Stock as to dividends or distributions. The consent of the holders of a majority in interest of the outstanding Preference Stock of all series, voting as a class, is required to create or authorize any stock ranking prior to Preference Stock as to dividends or in liquidation, or to create or authorize any obligation or security convertible into shares of any such stock, except that such consent is not required with respect to any increase in the number of shares of Preferred Stock which we are authorized to issue or with respect to the creation and establishment of any series of our Preferred Stock.

Convertibility

The conversion feature of the no par \$7.00 Series Cumulative and Convertible Preferred Stock allows the holders of such shares of such Preferred Stock to exchange one convertible preferred share for twelve shares of our common stock. In addition, such may redeem up to 10% of the outstanding convertible stock in any calendar year at a price equal to the fair market value of twelve shares of our common stock for each share of convertible stock redeemed.

The conversion feature of the no par \$8.00 Series Cumulative and Convertible Preferred Stock allows us to exchange one convertible share of such Preferred Stock for 13.714 shares of our common stock.

The other series of our Preferred Stock and the Preference Stock are not convertible into shares of common stock.

Liquidation Rights

Holders of common stock are entitled to share on a pro-rata basis, subject to the rights of holders of our First Mortgage Bonds, Preferred Stock and Preference Stock, in our assets legally available for distribution to shareholders in the event of our liquidation, dissolution or winding up.

Restriction on Acquisitions

As a New Jersey corporation with its headquarters and principal operations in that state, we are a "resident domestic corporation" as defined in New Jersey's Shareholder Protection Act (the "Act"). The Act bars any "business combination" as defined in the Act (generally, a merger or other acquisition transaction) with any person or affiliate of a person who owns 10% or more of the outstanding voting stock of a resident domestic corporation for a period of five years after such person first owns 10% or more of such stock, unless the "business combination" both is approved by the board of directors of the resident domestic corporation prior to the time that person acquires 10% or more of the resident domestic corporation's voting stock and meets certain other statutory criteria.

DIVIDEND REINVESTMENT AND STOCK PURCHASE PLAN

We have an Amended and Restated Dividend Reinvestment and Common Stock Purchase Plan (the "DRP") under which (i) any person not currently a shareholder may purchase shares of common stock having an aggregate value of at least \$500 and not more than \$10,000, and (ii) any current shareholders may have cash dividends on all or a portion of their shares of common stock or Preferred Stock automatically reinvested in newly issued shares of common stock and may invest up to an additional \$25,000 per quarter in newly issued shares of common stock. Under the DRP, we may permit the purchase of shares of common stock at ninety-five percent (95%) of market value for specified periods as announced by us from time to time. We last authorized the purchase of shares of common stock at ninety-five percent (95%) of market value during the period beginning February 1, 2010 and ending June 1, 2010. After June 1, 2010, the purchase of shares under the DRP will be made at one hundred percent (100%) of fair market value. No commission or service charge is paid by participants in connection with any of their purchases under the DRP. The cumulative amount of shares issued under the DRP as of April 29, 2010 is 1,841,759.

PLAN OF DISTRIBUTION

We may sell our securities from time to time directly to purchasers or through underwriters, dealers or agents, in one or more transactions at a fixed price or prices, which may be changed, or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices. We may also issue these securities as compensation to such agents, underwriters or dealers for making sales of our securities. We may use these methods in any combination.

By Underwriters

We may use an underwriter or underwriters in the offer or sale of our securities.

- If we use an underwriter or underwriters, we will execute an underwriting agreement and the offered securities will be acquired by the underwriters for their own account.
- We will include the names of the specific managing underwriter or underwriters, as well as any other underwriters, and the terms of the transactions, including the compensation the underwriters and dealers will receive, in the prospectus supplement. The underwriter may sell the securities to or through dealers, and the underwriter may compensate those dealers in the form of discounts, concessions or commissions.
- The underwriters will use this prospectus and the prospectus supplement to sell our securities.
- We may grant underwriters who participate in the distribution of our securities an option to purchase additional securities in connection with the distribution.

By Dealers

We may use a dealer to sell our securities.

- If we use a dealer, we, as principal, will sell our securities to the dealer.
- The dealer will then resell our securities to the public at varying prices that the dealer will determine at the time it sells our securities.
- We will include the name of the dealer and the terms of our transactions with the dealer in the prospectus supplement.

By Agents

We may designate agents to solicit offers to purchase our securities.

- We will name any agent involved in offering or selling our securities and any commissions that we will pay to the agent in the prospectus supplement.
- Unless indicated otherwise in the prospectus supplement, our agents will act on a best efforts basis for the period of their appointment.
- An agent may be deemed to be underwriters under the Securities Act of any of our securities that they offer or sell.

By Delayed Delivery Contracts

We may authorize our agents and underwriters to solicit offers by certain institutions to purchase our securities at the public offering price under delayed delivery contracts.

- If we use delayed delivery contracts, we will disclose that we are using them in the prospectus supplement and will tell you when payment will be demanded and securities delivered under the delayed delivery contracts.
- These delayed delivery contracts will be subject only to the conditions set forth in the prospectus supplement.
- We will indicate in the prospectus supplement the commission that underwriters and agents soliciting purchases of our securities under delayed delivery contracts will be entitled to receive.

TABLE OF CONTENTS

We may directly solicit offers to purchase our securities, and we may directly sell our securities to institutional or other investors, including our affiliates. We will describe the terms of our direct sales in the prospectus supplement. We may also sell our securities upon the exercise of rights which we may issue.

General Information

Underwriters, dealers and agents that participate in the distribution of our securities may be underwriters as defined in the Securities Act, and any discounts or commissions they receive and any profit they make on the resale of the offered securities may be treated as underwriting discounts and commissions under the Securities Act. Any underwriters or agents will be identified and their compensation described in a prospectus supplement. We may indemnify agents, underwriters, and dealers against certain civil liabilities, including liabilities under the Securities Act, or make contributions to payments they may be required to make relating to those liabilities. Our agents, underwriters, and dealers, or their affiliates, may be customers of, engage in transactions with, or perform services for us or our subsidiaries in the ordinary course of business for which they will receive compensation.

Representatives of the underwriters or agents through whom our securities are or may be sold may engage in over-allotment, stabilizing transactions, syndicate short covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Over-allotment involves syndicate sales in excess of the offering size, which creates a syndicate short position. Stabilizing transactions permit bids to purchase the offered securities so long as the stabilizing bids do not exceed a specified maximum.

Syndicate short covering transactions involve purchases of the offered securities in the open market after the distribution has been completed in order to cover syndicate short positions. Penalty bids permit the representative of the underwriters or agents to reclaim a selling concession from a syndicate member when the offered securities originally sold by such syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Such stabilizing transactions, syndicate short covering transactions and penalty bids may cause the price of the offered securities to be higher than it would otherwise be in the absence of such transactions. These transactions may be effected on a national securities exchange and, if commenced, may be discontinued at any time.

The maximum consideration or discount to be received by any Financial Industry Regulatory Authority, or FINRA, member or independent broker dealer will not exceed 8% of the aggregate amount of the securities offered pursuant to this prospectus and any applicable prospectus supplement.

LEGAL MATTERS

Certain legal matters in connection with the validity of the common stock offered hereby will be passed upon for us by Norris, McLaughlin & Marcus, P.A. Walter G. Reinhard, a member of the firm, is also one of our directors, and owns 3,052 shares of our common stock.
